

TERRITORY AROUND PASADENA SWEEP BY FIRE SATURDAY

Originated in Bungalow at Montrose from Explosion of Oil Heater—Fanned by High Winds Quickly Spread to Other Localities—Hundreds Fight Blaze Until it is Halted

PASADENA, Cal., Oct. 13.—A forest and brush fire, which for a time today threatened four or five communities in this section, was brought under control in the gorge of Sycamore Canyon early tonight.

Earlier reports of damage were found to be exaggerated. Only one large partially completed home on Verdugo Knoll and half a dozen small houses were destroyed, although the flames, fanned by a high wind, swept over several thousand acres in a few hours.

WINNIPEG GIVES FORMER PREMIER HEARTY WELCOME

Immense Crowd Lines Station to Greet Him on Arrival

WINNIPEG, Man., Oct. 13.—A warm welcome was given David Lloyd George, the war-time premier of Great Britain upon his arrival here today in his tour of the dominion crowds lining the station and cheering as he stepped from his private car to be greeted by provincial and city officials.

During the day Mr. Lloyd George announced definitely that he would go no further west than Winnipeg, it being impossible for him to visit Vancouver and the coast. Even with his present program he explained parliament will meet but two days after his return to England.

Speaks of Germany
The former premier when informed of the occurrence of broad riots in Germany, said he regarded the coming of a dictatorship in that country as inevitable, and in fact, necessary.

If the dictatorship fails, Mr. Lloyd George continued then revolution will come. In fact, he added, a dictatorship is the only thing standing between the German people and revolution.

As for the effect of the revolution of France he declared that it for one thing would mean no reparations.

WEATHER

(By the Associated Press.)
Illinois—Generally fair in fair in north, mostly cloudy in south portion, Sunday; rain in extreme southeast portion, cooler in extreme southeast portion, slightly warmer in north and central portions in afternoon; Monday fair with seasonable temperature.

Indiana—Mostly cloudy Sunday, rain in south portion, cooler in extreme south portion. Monday generally fair and somewhat warmer.

Wisconsin—Fair Sunday and Monday, slightly warmer Sunday in south portion, warmer Monday in north and west portion.

Missouri—Generally fair in north and Central, probably rain in extreme south portions Sunday; colder in extreme southeast portion and slightly warmer in extreme north portion; Monday fair with rising temperature in south portion.

Chicago and vicinity—Generally fair Sunday, probably clear; afternoon; Monday fair with seasonable temperature; light to gentle winds mostly west and southwest.

Minnesota—Fair Sunday and Monday; warmer Monday.

Iowa—Fair and slightly warmer Sunday; Monday fair.

Temperatures	
The current, maximum and minimum temperatures as recorded Saturday were:

DUESELDORF IS IN CONTROL OF FOOD RIOTERS

Many Stores Sacked by Unemployed and Lawless

(By the Associated Press)
DUESELDORF, Oct. 13.—Fifty or more stores were sacked of food and clothing in Dueseldorf during the day by unemployed and lawless elements, and the looting continued tonight, almost unhindered, except by a few resolute, but quickly vanquished store owners and shop keepers.

Pillaging likewise is reported from many other parts of the Ruhr.

The French troops at the request of the city authorities took over protection of the public buildings because since the French disbanded the security police, there remain only 200 blue police, who are able to do little against the plunderers. French armored cars and cavalry frequently cleared the streets today but the crowds scattered only to gather again when the troops passed.

Hands-off Policy
The French have also placed detachments to guard the buildings where the allied personnel are employed but otherwise have adopted a strict "hands-off" policy. The German population in general showed an apathetic attitude or found the scenes amusing. No one even tried to dissuade the looters from breaking open the stores and emptying them of merchandise.

Plundering is reported from Duisburg, Duer, Bochum, Essen, Cologne and a number of small towns. The situation at Dueseldorf became more menacing with the complete shutdown of 13 large factories employing about 100,000 operatives.

WITNESSES ALL DENY STOKES STATEMENTS

(By the Associated Press)
BOONVILLE, Mo., Oct. 13.—All fourteen witnesses examined here today in the Stokes' divorce case positively denied that Mrs. W. E. D. Stokes had ever been at Buncheon on Boonville, Mo., 19 years ago, as alleged by her husband, wealthy New York capitalist and sportsman. Mr. Stokes in his suit brought against his wife, charges her with indiscretions in Buncheon when she was a girl known as Helen Elwood.

With completion of the questioning of the witnesses the case shifted once more to New York when Mrs. Stokes, Isador Shopper and her counsel and Mrs. C. O. Meservy, friend of Mrs. Stokes, departed for the east tonight.

CORONER HOLDS TWO ON MURDER CHARGE

(By the Associated Press)
PANA, Ill., Oct. 13.—John Tokoly and his son Stephen, both of whom were ordered held by a coroner's jury on a charge of murder in connection with the deaths of five men resulting from drinking of alleged poisonous liquor tonight were removed to the county jail at Taylorville. They had been confined to a hospital here suffering from the effects of the liquor.

Rudolph Huber a miners' union official, another of the eight men stricken after drinking the whiskey was discharged from the hospital tonight and was taken home.

INDIANA CHILDREN DIE IN STORE FIRE

(By the Associated Press)
LOUISVILLE, Ky., Oct. 13.—Three small children trapped by fire on the second floor of the general store operated by C. H. Stanley in Lanesville, Ind., were burned to death when fire of undetermined origin destroyed the building tonight, according to a special despatch to the Louisville Herald.

YOUNG PEOPLE'S UNION TO MEET TONIGHT

The Young People's Union will meet this evening at Westminster church at 8:30 o'clock. The topic for discussion is "Leadership for Service." The speaker is to be Mr. J. H. Hart, who is to be accompanied by the various societies of the local churches. Music will be furnished by Brooklyn church young people.

The meeting tonight is the regular September meeting which has been postponed from an earlier date.

VISITORS IN PEORIA

Deputy Sheriff and Mrs. Burley Jones went to Peoria yesterday to spend Sunday at the home of Mr. Jones' sister, Mrs. Charles Puckett.

FOURTH WORLD SERIES GAME AS VIEWED BY HUGGINS--McGRAW

(By the Associated Press)
NEW YORK, Oct. 13.—Miller Huggins believes the Yankees now are certain to win the 1923 battle for world baseball honors from the New York Giants, champions in 1921 and 1922.

Discussing the heavy hitting of his men in the fourth game of the series at the Polo Grounds, Huggins declared it was nothing extraordinary for the Yankees to hit so well.

Huggins said his pitching selection for the Sunday game lay between Waite Hoyt, the Brooklyn youth who started the first game for the Yankees and Joe Bush, who has been working the relief well. Hoyt's arm is in good shape and the youngster is anxious to show his real self before the series is over.

John McGraw, the Giants' manager, after the disastrous attack by the Yankee batters on his right handed pitchers may call upon Jack Bentley to oppose the American Leaguers tomorrow. John Watson will be held ready to take his place.

McGraw had no excuses to make for the loss of today's game.

"Sometimes a team is invincible and sometimes the opposition is invincible," he said. "The Yankees were hitting heavily today—indeed their hitting would have been just as hard if we used a different pitcher against them every minute.

"There is a great possibility now that the series will go seven games, but I personally think that it will be decided Monday night."

FINISH FIGHT IN OKLAHOMA AFFAIRS SEEMS INEVITABLE

Bitter Political Controversy Waging Between Parties
(By the Associated Press)
OKLAHOMA CITY, Ok., Oct. 13.—(By the A. P.)—Oklahoma's legislative situation tonight assumed the proportions of a bitter political controversy with forces of Governor J. C. Walton girding to combat an impeachment act instituted by the lower house of the state legislature.

Having already thrown aside his most prominent administration advisers—Aldrich Black, the legislative councillor and Dr. Bynum, state bank commissioner—the governor now is said in official quarters to be building an organization by which he hopes to split the ranks of his legislative opponents.

While the executive himself refused to outline his plans, it is rumored that his supporters have prepared a definite campaign and only are awaiting the reconvening of the legislature Monday to launch their defensive.

PLANS FOR PROFIT SHARING PROPOSED BY MANUFACTURER

Employees of Railroad Owned May Purchase Stocks
(By the Associated Press)
WASHINGTON, Oct. 13.—Henry Ford's plan of profit-sharing on the Detroit, Toledo & Ironton railroad which he bought two years ago was fully explained today in a report made public by the interstate commerce commission.

Any employee of the railroad will be permitted under the plan which recently was approved by the commission to purchase in installments out of his wages, the company's certificates of indebtedness, in denominations of \$100, \$500 or \$1,000. Employees will be permitted to withdraw any amounts paid on the certificates at any time, but the certificates cannot be sold when fully paid for and can be retained only by employees of the company.

In their application for commission approval the Ford executives said they believed 50 per cent of the road's employees would purchase the securities. The commission in its report remarked that while "the success of the plan is speculative," it should be welcomed as a contribution to the solution of the problem of fixing relations between employees and employers.

MESSAGE FORWARDED TO JEWISH CONGRESS

(By the Associated Press)
WASHINGTON, Oct. 13.—President Coolidge in a message given today to Rabbi Stephen S. Wise, for transmission to the American Jewish congress meeting tomorrow in New York, declared his administration would refuse sanction or tolerance to any anti-Jewish discrimination in the matter of immigration or any other matter.

Rabbi Wise said the president asked that the congress be informed that he sympathized with its general aims and purposes and earnestly wished it Godspeed.

Mr. Coolidge also declared himself, according to Rabbi Wise to be particularly interested in the efforts of American Jews to aid in the building up in Palestine under British mandate of a Jewish homeland.

AUTO GOES OVER BANK FOUR PERSONS KILLED

(By the Associated Press)
ST. GENEVIEVE, Mo., Oct. 13.—Four persons believed to be Paul Heine and his wife and Paul Wiatrak and his wife, all of St. Louis were killed when an automobile in which they were riding plunged over a 70 foot embankment into a creek 12 miles of here tonight.

CHILDREN BURN TO DEATH IN ALABAMA

(By the Associated Press)
PHOENIX CITY, Ala., Oct. 13.—Three children, Marvin, 14; Dorothy, 9; and Elsie, 7; of Mrs. I. H. Hart were burned to death in their home here early tonight. The building was destroyed. The charred bodies of two victims were recovered shortly after the fire was placed under control. A search was being made for the other body.

VISITING RELATIVES HERE

Mrs. Arthur W. Rehfeldt, who met with a severe accident in August was recently dismissed from Barnes Hospital in St. Louis and is visiting relatives and friends here. Mr. Rehfeldt accompanied her and will leave Jacksonville in a few days but Mrs. Rehfeldt expects to remain here until about the end of the month.

FORECLOSURE SUIT

A foreclosure suit has been filed by the Wemple State bank against Charles Carter et al. An obligation of \$3,000 is indicated secured by a mortgage on lot 2 in block 8, off plat Waverly. The complainant is represented by William T. Wilson.

POWER SOUGHT BY STRESEMANN NOW GIVEN HIM

Can Deal with German Situation as Appears Best

(By the Associated Press)
BERLIN, Oct. 13.—The reichstag today adopted the emergency bill giving Chancellor Stresemann extra constitutional authority to deal with the grave economic and financial situation of Germany as he sees fit. The vote was 316 to 24, with seven abstaining. Among the latter, Hugo Stinnes, the industrial magnate. It was uncertain until the last moment which way the voting would go although the coalition parties turned out in full strength and the chancellor held over the house the alternative of dissolution if it did not vote the measure.

Options Vary
While that section of the press supporting the chancellor is jubilant over the outcome, it may be said that the man in the street is considerably less elated as public opinion, regardless of party affiliation would have welcomed dissolution of the reichstag and the erection of a ministerial dictatorship.

Just how far Stresemann and his cabinet will be able to eliminate the reichstag from their calculations now remains to be seen.

They are not obliged to consult the reichstag's landing committee and by the letter of the emergency charter can proclaim dictatorial laws of far reaching economic, political and social consequences, all of which will be given constitutional validity by virtue of presidential decree.

Socialist Danger
On the other hand the united Socialist Party is in a position by virtue of the number of its members which exceeds one third of the reichstag's total membership to force convocation of the reichstag thereby constantly confronting the chancellor with the danger of parliamentary intervention in his dictatorial regime in case the radicals believe this is directed against their political interests.

WELL KNOWN GLIDER PILOT LOSES LIFE

(By the Associated Press)
LIMPE, England, Oct. 13.—The world lost one of its most daring glider pilots when Alexandre Maneyrol, of France, crashed to the ground this afternoon after attaining a height of 9,440 feet. The wings of his plane gave way in the face of a stiff wind fell while he was making a second attempt at an altitude record. He was descending once as it did to the ground, when about one hundred feet up both wings of the plane crumpled, it turned over a few times and its broken wings fluttering, dropped stone-like in view of hundreds of horrified spectators. Doctors who hurried to the spot found Maneyrol terribly injured. He was unconscious and died in a few minutes.

RESIDENCE BLOCK IS DESTROYED BY FIRE

(By the Associated Press)
NOGALES, Ariz., Oct. 13.—An entire block of residences and business buildings have been destroyed by fire which broke out at the edge of the main district of Nogales, Sonora, Mexico across the international boundary. No lives have been lost, according to reports.

NOMINATION MADE TO SUCCEED RAINEY

(By the Associated Press)
SPRINGFIELD, Oct. 13.—Official nominations in the primaries October 2, 1923, for congressional district, to succeed John W. Rainey, deceased, were announced today by the State Primary Canvassing board here.

Withdrawal of L. J. Rodney, Republican candidate, leaves Thomas J. Doyle, Democrat and Edward W. Eshelman, Socialist, in the race. Doyle received 15,843 votes, and Eshelman, 1 vote.

FORD STOLEN FROM EAST STATE STREET

A Ford touring car belonging to R. M. Dodsworth, of 1039 North Main street was taken from in front of the postoffice some time Saturday night after 9 o'clock. The car is a 1923 model and carries license number 728 466. The engine number is 7-773,154. Police have notified all surrounding towns of the theft but at press time the car had not yet been located.

HERE FROM EAST

Mr. and Mrs. C. A. Borden of Amherst, Mass., are guests at the home of Mrs. L. E. Engel, on East Court street. The trip was made by auto. Mrs. Borden is a former Jacksonville girl, her maiden name having been Nellie Ricks.

RETURNS HOME FROM LIBRARY MEETING

W. T. Suhly returned Saturday evening from West Baden, Ind., where he attended the meeting of the Indiana State Library Association. Mr. Suhly appeared on the program with a special talk on hindings for libraries.

PRECINCT CONVENTION

The Concord precinct Sunday school convention is to be held in Concord this afternoon at 2:30. An interesting program has been announced by Precinct Chairman Bert Way. An effort will be made to secure a goodly representation from Concord at the county convention which is to be held Oct. 28 and 29 in Durbin.

REPORTED SCORES MADE HOMELESS BY RAINS AND FLOODS

North Canadian River on Rampage—Nine Foot Wall of Water Sweeps Thru Part of Woodward, Oklahoma—Many Residences Reported Submerged—Bridges Are Out

(By the Associated Press)
ENID, Okla., Oct. 13.—All stores were flooded and numerous residences were partly submerged by a nine-foot wall of water which swept thru parts of Woodward, Oklahoma, today when the North Canadian river overflowed from recent heavy rains, according to reports reaching here over crippled wires tonight.

Scores of persons are said to have been made homeless, although no lives are believed to have been lost. Extensive damage, as yet unestimated, was caused.

Streams in this vicinity have been swelled to past flood stage by heavy rains which have fallen continuously since early last evening. Information obtained from a number of points before means of communication were discovered by the swirling torrents, described the worst flood condition in the history of Western Oklahoma.

Freedom, a small town on the Cimarron River also was inundated, the advices said, stores there being flooded. Railroad traffic is demoralized. Nearly 100 bridges have been carried away and sections of trackage in a number of places are out.

IDENTITY UNKNOWN OF WOMAN FOUND IN LAKE

(By the Associated Press)
CHICAGO, Oct. 13.—A note book containing several names and an initialed ring and a thumbprint of the name Anna A. King inscribed on the fly leaf, were the only clues police had today to the identity of a woman whose body, fastened by a clothes line to a concrete pier, at the edge of a suburban estate was found floating yesterday in Lake Michigan.

Both murder and suicide theories were advanced by the police to explain the ruins and dislocations on the woman's face which was covered by a white silk stocking when the body was found. The body was either battered or battered against the racks near the shore or was beaten before it entered the water, the police said.

No information regarding the woman was obtained last night by police who made a canvas of persons whose names were found in the note book. The names were of Chicagoans, police said, with the exception of "Thomas H. Parrish, 505 Palisade avenue, Pasadena, California."

The notebook and poem were found in the pocket of a woman's coat near the end of the pier to which the body was attached.

PTOMAINE POISONING FOLLOWS A LUNCHEON

(By the Associated Press)
SEATTLE, Wash., Oct. 13.—Seven women may die as the result of ptomaine poisoning following a luncheon today of a King county branch of the Parents Teachers association at the Ronald school, north of the city, according to reports received here from physicians who were sent to the Ronald school to take care of the patients. More than 50 persons became ill, but doctors declared tonight these would recover.

The notebook and poem were found in the pocket of a woman's coat near the end of the pier to which the body was attached.

THREATENING FIRE NOW UNDER CONTROL

(By the Associated Press)
AKRON, O., Oct. 14.—Fire which raged for three hours threatening to wipe out the east end business section of the city, was brought under control shortly before 1 o'clock this (Sunday) morning after causing damage approximating \$100,000.

The fire started in the yards of the Dietz Lumber company and spread rapidly, destroying two homes, a boarding house, a small apartment house and a store building.

PRINCE AND PARTY START FOR HOME

(By the Associated Press)
QUEBEC, Oct. 13.—The Prince of Wales and his party sailed for England today on the Empress of France.

FRATERNITY INCORPORATED

Springfield, Ill., Oct. 13.—A fraternity named Sigma Delta Sigma was incorporated here today "to bring into fraternal fellowship men who are professionally interested in education." Incorporators included N. F. Garvey of Urbana, E. E. Lang and R. K. Eden.

WAR TIME FRIENDS MEET AGAIN

Mr. and Mrs. Lumer Olson of Springfield drove to Jacksonville yesterday afternoon to spend Sunday with Mr. and Mrs. R. Jennings at their home on Edgemoor Hill Road. Mr. Olson and Mr. Jennings served in the same company during the world war and were overseas for a long period. The intimate friendship formed at that time has continued.

or not otherwise credited in this paper,
and also the local news published
herein.

Former President Harding's
estate will run up toward a
million dollars. Unlike most es-
tates, it is worth more than the
public generally supposed to be
the case.

Five men died recently from
drinking wood alcohol or fusel
oil. The last general assembly
passed a law making the person

guilty of selling wood alcohol
or other poisonous materials for
liquor purposes guilty of murder.
Now will be an appropriate
time for testing out the law.

Some people have said that in-
terest in baseball is waning, but
the gate receipts at the world
series in New York do not indi-
cate that lessening interest.
Neither does the fact that 65,000
people tried in vain to gain en-
trance to the stadium for the
second game. They couldn't get
in because the big stadium was
already filled.

Samuel Gompers, who is
really entitled to be called "the
grand old man of American Fed-
eration of Labor" has been re-
elected president, winning the
honor easily. Mr. Gompers' po-
licies are not always pleasing
to all the people, but he must
be given credit for being a con-
stant foe of extreme radicalism.
Without doubt his influence
keeps the radicals from gaining
ground among the forces of or-
ganized labor.

A contract has been let for a
concrete bridge over Big Sandy
a few miles south of the city.
This means that the state high-
way department is keeping faith
and is to give Morgan county a
hard road to the south. The
building of this road to the
county line and the extension of
the west road over to Scott
county will mean more business
for Jacksonville.

have not acted on their own ad-
vice.

The French are great cooks,
if you don't mind having every
simple, familiar article of food
camouflaged beyond recognition.
Also, some French dishes have no
exact English equivalent. French,
too, is a fine language. But
about 99 per cent of Americans
find the English language suffi-
cient for all purposes and, like
Congressman Britten, feel un-
easy when they're eating in any
other language.

SAVED TIME
A modern Diogenes might well
be sent forth to discover what is
done with all the time saved by
civilized beings. With labor sav-
ing devices in homes and in offi-
ces, with all sorts of machinery
speeding up industrial produc-
tion, with the means of transpor-
tation and communication de-
veloped so far that it is difficult
to get away from contact with
one's fellow men—we find our-
selves still unduly busy, still rush-
ing to death, still pressed for time
and wishing for leisure.

Labor saving machinery was
supposed to enable men and wo-
men to accomplish their tasks
more efficiently, in less time and
with less physical drudgery than
formerly, releasing them for re-
creation, meditation and further
self-development. Yet few in-
deed are the wise men and wo-
men who grasp that saved time
and use it for their own good.

Anyone can interrupt us at any
time. The telephone and the
automobile make even a country
cottage accessible to the persist-
ent salesman or the eager ac-
quaintance. Secretary of State
Hughes recently described the
situation in these words:

"It is the day of the fleeting
vision. Concentration, thorough-
ness, the quiet reflection that
ripens judgment are more diffi-
cult than ever.

"Facility of communication is
agreeable and useful, but it leads
to a vast waste of time by render-
ing easy countless intrusions on
serious work."

Public officers and private in-
dividuals alike suffer from this
facility of intrusion. Is it possi-
ble that modern machinery has
gone to civilization's head and
that we are all a little dizzy from
the rapid development of new and
useful inventions? No sane per-
son would advocate doing away
with the telephone and all the
train of conveniences that have

**WILL HOLD SCHOOL
FOR WOMEN VOTERS**
At University of Illinois, Urbana,
October 30 to November 2
Under Auspices Voters' League

From all over the state of Illi-
nois women are being attracted
by the announcement, sent out
by the Illinois League of Women
Voters, of a School of Citizenship
to be held at the University of
Illinois at Urbana, from October
30th to November 2nd. The Uni-
versity is giving the very com-
modious Woman's Building as a
meeting place for the course, and
is donating its best speakers on
subjects of current interest. Pres-
ident David Kinley of the Uni-
versity will address the members of
the School on the first evening.
The Illinois League of Women
Voters will be represented on that
evening by its President, Miss
Julia C. Lathrop, who will speak
on "A New Factor in Politics."
Mrs. Lottie Holman O'Neill, rep-
resentative in the Illinois General
Assembly will talk on "A Citizen
of Illinois," and Mrs. William
Harrison Cade, chairman, Divi-
sion of Training in Citizenship,
Illinois Federation of Women's
Clubs, will preside.

Prominent Speakers.
From the faculty of the Uni-
versity men have been chosen
who are particularly adapted to
speak on the subjects that are
programmed. Professor James
W. Garner, who, besides being
head of the Department of Politi-
cal Science, has just returned
from several weeks' observation
at the Hague, will lecture on "In-
ternational Co-operation and Am-
erican Policy." This one lecture
is on a subject of such interest
and importance that all women
will realize the opportunity that
is afforded them. The other lec-
tures and discussions speak for
themselves: "Some British Leg-
islative Methods," Professor John
A. Fairlie; "Reform of Judicial
Organization and Procedure,"
Dean A. J. Harbo, College of Law,
The Voter and the Public
Schools," Dean C. E. Chadsey,
College of Education, "Methods

of Conduct and Problems of For-
eign Policy," Professor J.
Mathews; lecture, whose sub-
ject has not yet been announced,
by Professor E. L. Bokart, and a
talk by Mrs. Maud Wood Park
President of the National League
of Women Voters.

Everyone Welcome.

The school is open to everyone.
The Illinois League of Women
Voters is making great effort to
reach every woman in the state,
and no woman can fail to appre-
ciate this chance to learn more
about the world she must live and
vote in. The Champaign County
branch of the League, of which
Mrs. Kenneth McKenzie is pres-
ident, is turning its attention to
the reception and accommoda-
tions for those who will attend
the course. Luncheons and in-
formal teas have been planned,
which, together with the three
lectures and two Round Table
conferences a day will fill up the
time very successfully.

This is the third school of its
kind to be given by Illinois Uni-
versities in co-operation with the
Illinois League of Women Voters.
Two others were held last
year at the University of Chicago
and Northwestern University.
They were largely attended. It
is only one of many, however, in
consideration of the two and three
day schools organized by country
leagues of women voters and
other women's organizations
throughout the state.

**GRADUATE NURSES
ORGANIZE FOR YEAR**
State Meeting in Peoria. Largely
Attended—Next Year's Con-
vention Going to Moline—League
of Nursing Education Also
Elects Officers.

At the convention of the Illi-
nois State Association of Gradu-
ate Nurses held in Peoria Thurs-
day and Friday the annual elec-
tion of officers took place. Miss
Mabel Dunlap, public health
nurse of Moline, was re-elected as
president at the final business
session held at the Jefferson Ho-
tel late Friday afternoon.

Moline seemed the favorite
among the cities bidding for the
1924 convention, Peoria being ex-
cluded because of the fact that
the convention cannot be held in
the same place twice in success-
ion.

The other officers elected at
this same session were: First
Vice-President, Miss Sara B. Place
superintendent of infant welfare
work, Chicago; Second Vice-
President, Miss A. Maybelle Par-
rott, private duty nurse, former
president of the 13th District
Nurses' Association; Secretary,
Miss May Kennedy, superintend-
ent of Illinois State School of
Psychiatric Nursing, Chicago;
Treasurer, Miss Elizabeth Assel-
tine, superintendent of Victory
Memorial Hospital, Waukegan.

The following were appointed
as chairmen of the standing com-
mittees: Credentials: Miss Ber-
tha L. Knapp, superintendent of
nurses, Wesleyan Hospital, Chi-
cago; Legislation, Mrs. W. Harri-
son Cade, Publicity and Press,
Miss Edna L. Foley, superintend-
ent of visiting nurses association,
Chicago; Relief Duty, Miss Agnes
Newbold, graduate of Proctor
Hospital, private duty nurse,
Program, Miss Lenore Tobin, in-
structor, Mercy Hospital, Chi-
cago; Revision of By-Laws, Miss
Mary C. Wheeler, superintendent
of nurses, Illinois Training School
Chicago. Nominating, Miss Eta
Lee Gowdy, secretary division of

**AUTOMOBILE MAKES
27 MILES ON AIR**
An automobile goes 27 miles on
air by using an automatic device
which was installed in less than
five minutes. The automobile
was only making 30 miles on a
gallon of gasoline but after this
remarkable invention was in-
stalled, it made better than 57.
The inventor, Mr. J. A. Stransky,
65 Eleventh street, Pukwana,
South Dakota, wants agents and
is willing to send a sample at
his own risk. Write him today.
—Adv.

ART CLUB MEETS
The West Side Art club was
entertained Friday afternoon at
the home of Mrs. Ida Weir, with
Mrs. Naomi Watson as assistant
hostess. The new officers were
installed, after which refresh-
ments were served. Mrs. Francis
Mitchell was a guest of the club.
The sum of \$5 was donated to the
Social Service league. The next
meeting of the club will be held
at the home of Mrs. Margaret
Saunders the fourth Friday in
October.

**WHEN HASH IS
HASH**
A controversy of long standing
has been renewed by Congressman
Britten of Illinois, who objects
to French menus on the Lavi-
athan. He gives a long list of
dishes discussed under foreign
names, the most horrible exam-
ple being "hachis volaille oux
haricot verts," which being inter-
preted is "chicken hash."

The congressman seems to have
a good case. Just why the French
language should be exclusively
used to describe food of an Amer-
ican liner patronized chiefly by
Americans is not clear. True, the
same thing has been done for de-
cades by leading American hotels,
but the reason for that is not
clear, either. In recent years,
hotel men themselves have been
urging that bills of fare be print-
ed in English, but many of them

"Slander the Woman"**
Woman's Love or Woman's Vengeance!—Which?
A drama of a beautiful woman whose most cherished possession was her good
name—and how, when the tongues of gossip had made her a social exile, she
planned vengeance, only to meet a greater desire! A story that sweeps from
aristocratic ancestral halls to the snow-swept places of "the White Frontier,"
where people go to forget—and to be forgotten.

**CONSTRUCTION COSTS
WILL NOT CHANGE**
Present Levels in Relation to La-
bor Will Continue is Belief of
Straus and Company.

There is no likelihood of re-
ductions in the cost of building
labor in the immediate future,
according to a survey of the labor
situation in the building industry
made public yesterday. The sur-
vey was compiled by S. W. Straus
& Co., based largely on data
gathered at the convention of the
Building Trades Department of
the American Federation of La-
bor at Portland, Oregon, at which
\$50,000 organized building crafts-
men of the country were repre-
sented.

The attitude of labor as it was
expressed at the Building Trades
Department convention and in re-
ports and statements by the
leaders of organized labor indi-
cated that in some trades still
higher scales can be expected with
the continuation of present activi-
ties," the survey states. "All
building labor is employed at the
present time, according to the
reports of union officials.

"The number of apprentices is
increasing rapidly, it was announ-
ced and the attitude of the ma-
jority of organizations was indi-
cated as being favorable to the
removal of all restrictions. The
advice of these apprentices is ex-
pected by labor leaders to be a
factor in stabilizing wages within
the next two or three years.

"Stabilization of the industry
to mitigate the evils of labor mi-
gration and seasonable employ-
ment was urged at the conven-
tion.

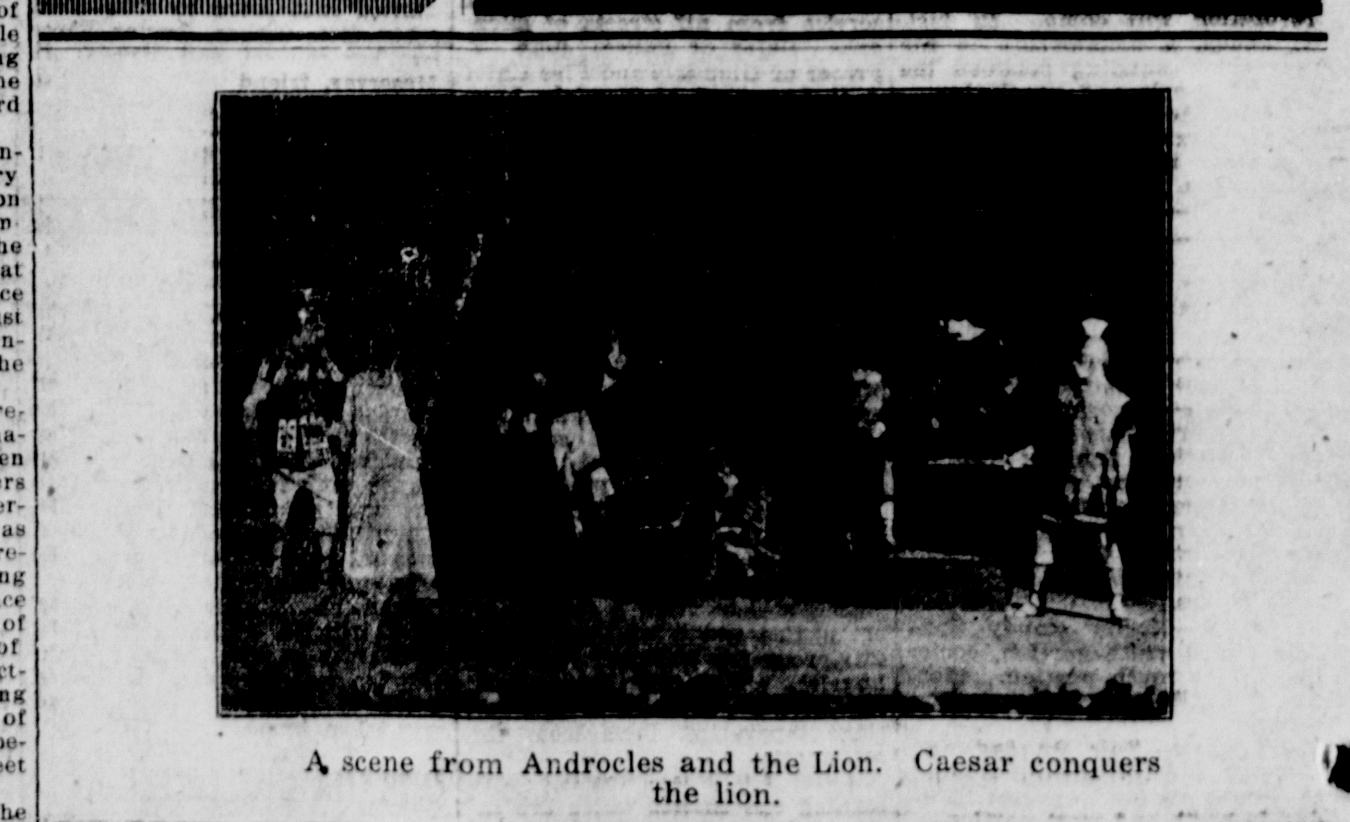

"It also was urged that, in the
interest of the entire industry,
building activities should be kept
up normally rather than to en-
deavor to make up the present
building shortage through abnor-
mal activities over a short per-
iod. The hope was expressed in
this connection that construction
work on types of buildings not im-
mediately necessary, particularly
public buildings, be temporarily
deferred and that the efforts of
the industry as much as possible
be concentrated on home building
with a view of safeguarding the
public against a continual upward
tendency in rents.

"Strict adherence to wage con-
tracts in the building industry
was voiced by the convention
which was warned by Pres. Gom-
pers that the obligation upon the
unions and the men was that
where agreements in existence
with employers the men must
continue to work from the begin-
ning of the excavation to the
completion of the operation.

"Jurisdictional strife was re-
ported as being largely elimina-
ted. The controversy between
the Bricklayers and Plasterers
Unions as to jurisdiction on cer-
tain work, which was regarded as
a menace to the industry, was re-
ported settled, both sides having
agreed to cease hostilities at once
and prevent future stoppage of
work. The National Board of
Jurisdictional Awards was direct-
ed to continue its efforts to bring
about an immediate settlement of
the jurisdictional controversy be-
tween the carpenters and sheet
metal workers.

"Minimum wage scales in the
building trades on the eight hour
basis, as submitted to the conven-
tion, showed that labor is getting
the highest wages in history. Brick-
layers thruout the country
are receiving from \$1 to \$1.50
per hour; carpenters 85c to \$1.25;
plasterers \$1.00 to \$1.50; build-
ing laborers 25c to \$1.10; struc-
tural iron workers 75c to \$1.37;
plumbers from 80c to \$1.50;
labors 70c to 1.62; electricians
70c to \$1.25; stone cutters 75c to
\$1.50. It was stated, moreover,
that many workers are receiving
bonus payments of from \$1 to \$4
per day in addition to the regular
wage scales."

WOMAN'S CLUB BEGINS FALL SEASON OF WORK

Luncheon Was Served Saturday at Grace Church—The Excellent Program Included Address By Mrs. Lottie O'Neill Member of the Illinois Legislature.

The members of the Woman's club had their first fall meeting in the form of a luncheon Saturday afternoon at the Grace M. E. church.

The affair is always one of the most delightful and interesting of the season, and it did not prove less so on this occasion. The

tables were beautifully decorated in roses, fall flowers and foliage, and attractive colored candles added greatly to the artistic plan of the arrangement.

Mrs. J. F. Buckley, the new president of the club opened the meeting, by giving a very charming and cordial welcome to all present.

A delicious luncheon was served at 1 o'clock, by the members of the Domestic Science Round Table. After the luncheon the members heard an exceptionally interesting program, which included the following numbers:

Invocation—Mrs. A. B. Williamson. Violin solo, Miss Christine Cotner, of I. W. C.

Mrs. J. Marshall Miller gave an excellent and full review of the convention of the State Federation of Women's clubs, to which she was a delegate last May in Chicago.

Professor Garrett Hedge, of Illinois College Conservatory of Music, sang a group of songs from "The Lover" and "Damasus" (a) "Where the Abana Flows," (b) "Allah Be With Us," the words of which were written by Charles Hanson Towne and the music by Amy Woodforde Fenden. Prof. Hedges was accompanied by Miss Mary Alexander.

Mrs. A. L. Adams then gave a very convincing talk in behalf of the Anti-Tuberculosis League, in which she advised the members to vote "No" to the proposition to discontinue the sanitarium. Mrs. Adams told of how faithfully the Woman's club had always supported the Anti-Tuberculosis League and of her confidence in their continued support.

Mrs. David Reid then spoke on the subject of the Loan Chest, and Miss Vires, the representative of the Social Service League in Jacksonville, also spoke a few words on the same subject.

Mrs. Lottie Holman O'Neill, a member of the Illinois State Legislature and the first woman of the state to enter politics in so large a scale was the speaker of the day, and she made a very impressive address. Mrs. O'Neill first stated that she herself was a member of the Woman's Club and attributed much of her success to what she had profited from that organization which she spoke of as an education to all its members. It is Mrs. O'Neill's opinion that women would profit by being more aggressive—in a wise and intelligent way—in politics. The majority of her speech was on the subject of a woman's place in politics and she gave some suggestions and made some remarks which might be very valuable to the woman who is considering entering politics or perhaps to some who are already in politics.

Mrs. Buckley announced that the next affair of particular interest in the activities of the club would be the Annual Concert to be given November 6th, at Northminster church.

The hostesses of the afternoon were: Mrs. Mayme Allinson, Miss Clara Cobb, Mrs. Clarence Ratachak, Mrs. John O'Donnell, Mrs. A. R. Eyre, Mrs. J. E. Buckley, Mrs. O. F. Butte, Mrs. C. A. Goodale, Mrs. O. C. Smith, Mrs. Nelson McMurphy, Mrs. H. P. Mohr, Mrs. P. P. Phipps, Mrs. W. D. Roberts, Mrs. E. W. Brown, Mrs. Elizabeth Stebbins and Mrs. Charles Cully. The Mound Club hostesses were: Mrs. Mary Kitcher and Mrs. Howard Stevenson.

WITH THE SICK

Alexander Murray, who has been a patient at Our Saviour's hospital, returned Saturday to his home, 740 Hardin avenue.

Elmer Mitchell, who has been a patient at Passavant hospital for a few days has returned to his home at Alsey.

Glen Filson returned Saturday to his home at Concord after being a patient at Passavant for a couple of days.

The Chamblaine Musical club will meet Monday afternoon at the home of Mrs. Virginia Vasey, 726 West North street at 2:30 o'clock. A calendar program will be given.

No need to
"break them in"

Cantlever Shoes are comfortable, easy, the first time you put them on! No need to "break them in" slowly and painfully. No need to suffer till the newness wears off. In Cantlevs your foot is not compelled to assume the shape of a shoe.

For the Cantlever is shaped like the human foot. It is built on the lines of good taste—graceful, sensible. It is made for perfect comfort.

J. L. Read

Shoe Specialist
At HOPPER'S

Woman's College

The college has been invited to be represented at the inauguration of Stratton Duluth Brooks as president of the University of Missouri, November 16. The college has also been invited to be represented at the inauguration of William Mather Lewis as president of George Washington university, November 7th. Mrs. Ruth Went Stewart, ex-'10, of Washington, D. C., will represent the college at this meeting.

Miss Miriam Nieh, a native Chinese missionary of Kiwiang, is a visitor at the college. She is a graduate of Albion college in Michigan; also doing high school work in this part of China, after her education in America. She returned to this country last year and has been doing graduate work at the University of Chicago. Miss Nieh came to the college primarily to see Miss Wang. Miss Nieh will go to Vandalla to deliver lectures under the auspices of the Woman's Foreign Missionary society. She will return to China in February and will be in charge of the High school in Kiwiang, and will also have supervision over all the day schools in this district.

In accordance with the proclamation issued by the governor, and also to further safeguard the lives of the students, as well as the property of the college, Fire Prevention Week was observed in a thoroughgoing manner—Thursday and Friday morning chapel being devoted to demonstrations on how fires can be caused, and also the value of the various types of fire extinguishers.

The annual celebration of Founders' Day was fittingly observed Wednesday, October 10. The program, as was already outlined in the paper, was most successfully carried out. All who participated in the exercises were delighted in the success of their effort.

Mrs. Flora Bailey Fesler of Indianapolis, Indiana, was a visitor at the college Friday and was greatly impressed with the growth and improvements that have been made in the college since she was a student here thirty-five years ago. She expects to write up her impressions of the school after she returns home.

Founders' Day was enthusiastically celebrated October 10 in Kansas City by the society there. The meeting was held at the Woman's University club. Lois Woods Chesney was the toastmistress.

The College society in Chicago will have their annual social meeting Saturday, October 20, in the Rose room of the Hotel Sherman. Luncheon will be served at 12:30 and a large attendance is expected, as these meetings have proved very popular during the past few years. Miss Esther Davis will represent the college on this occasion.

Students who are specializing in Home Economics will give interesting demonstrations next week at the Jacksonville Railway and Light company office. The demonstrations begin Monday afternoon and continue for the whole week.

CHAPIN

Miss Frances Brooks of the high school faculty went to her home in Pittsfield for the week end vacation.

Miss Isabelle Fox of the Waverly grade school faculty is home for the week end.

The local Masonic lodge members are to have a special service in their honor at the Christian church Sunday night. The pastor Rev. F. M. Crabtree will give the address. Special music will be rendered by the choir.

Mr. and Mrs. J. L. Alderson are among those who plan to attend the Liberty homecoming celebration at Liberty church on Sunday.

Werner Onken, traveling salesman for the J. B. Forbes Coffee Company, came in Friday to spend the week end with his parents Mr. and Mrs. Gustav Onken.

Quite a crowd was on the streets Friday afternoon to witness the parade given by the members of the Christian church in connection with their carnival and play. Saturday rain interfered with the outdoor program but the carnival was continued Saturday night in the church basement.

A piece of property in the south part of town belonging to Beddingfield estate was sold Saturday afternoon at auction. Wm. Ishmael was the buyer, bidding it in at \$370.

TO MR. AND MRS. R. E. FOX
IN MEMORY OF MAURINE
Just a pretty snow-white flower
That grew out in the wild,
Her soul so pure and beautiful;
Such was Maurine, your child.

God watched the dainty flower grow,
And watered it with dew—
He sent the sunbeams dancing there,
Where the little flower grew.

'Ere Earth's cold winds should chill and blow,
He took the flower in love,
And planted it so tenderly,
In His Garden House above.

Somewhere in the Land of Sunshine
Over there on the other side,
She's waiting again to greet you
When you have crossed the tide.
B. B. F.

Mrs. Harry Rice and Mrs. J. W. Rawlings were city shoppers from the Arnold neighborhood Saturday.

Mr. and Mrs. William Freitag were Ashland visitors in the city Saturday.

JACKSONVILLE TO ALTON HARD ROAD NEXT YEAR—SMALL

Governor Promises Completion of Project in Letter to Col. Miller to Carrollton Resident.

Governor Small is committed to the completion of the hard road over the entire distance from Jacksonville to Alton during 1924. His promise is given in a letter addressed to Stuart E. Pierson of Carrollton, from Col. C. R. Miller, director of public works and buildings.

The letter in which assurance of the completion of the Jacksonville-White Hall road is given follows:

"My Dear Mr. Pierson: Governor Small requested that I write you that in his talk at Carrollton Friday afternoon he overlooked advising your people on one point, and that is that he has requested our Highway Division to prepare plans and specifications in order that we may advertise for bids on state bond issue Route No. 3 between Jacksonville and Alton, with a view to placing it under contract, in order that the entire distance may be completed during the season of 1924.

"I want to add that the Governor considers state bond issue Route 3 from Alton to the extreme north end of the state as one of the important routes of the state, for the reason that it is the only north and south route in the western part of the state, hence his desire for completion of the entire route at the earliest possible date. Yours very truly,
"C. R. MILLER,
"Director."

Trinity Guild sale and Bazar Tuesday, Dec. 11th.

STUDENTS VISIT HOMES

Miss Mae Beard, who is a student at Passavant Training school is spending the week end at her home in Arenzville.

Miss Dorothy Quinn, also a Passavant student, is visiting home folks in Waverly over the week end.

WINCHESTER SCHOOL GAVE BOX SOCIAL

Seniors of Community High School Net Goodly Sum From Sale of Boxes Friday—Other Winchester Notes.

Winchester, Oct. 13.—The box social Friday night by the seniors of the community high school was well attended. There was a short musical program and later came the sale of the boxes. There were many of them of very artistic design and some brought very good prices. James Tankersley served as auctioneer and the proceeds of the sale amounted to about \$46.

Mr. and Mrs. Arvey Smith were given a pleasant surprise at their home Friday evening, when about fifteen couples gave them a charivari. The company came at 7:30 o'clock and spent the remainder of the evening very pleasantly with them. The merry-makers brought refreshments with them and the occasion was a very pleasant one.

Edward Baisley of Galesburg and Mr. and Mrs. Frank Stofft of Moline arrived Friday to visit at the home of Mrs. John Baisley.

Lloyd Griner and family, Mrs. John Lashmet and daughter, Ella Mae of Galesburg motored

Social Events

Entertained at Cards

A small group of friends were entertained Friday evening at a card party given by William Elmer, Jr., in honor of Louis Weber Leo Clancy and John Foley who are leaving soon for Chicago where they expect to take positions.

The other guests of the evening were: Morris Kumble, Robert Strasser, Reginald Saner, William Rook, Thomas Young and C. D. Butler.

Gave Tea for Y. W. C. A.

Misses Olive Austin, Beatrice Teague and Mary Johnston were hostesses yesterday afternoon at a tea given for the Y. W. C. A. of Illinois College.

An exceedingly interesting program had been arranged for the occasion which included the following numbers:

Violin Solo—Miss Christine Cotner.

A group of songs—"A Son of India" and "My Love is a Muleteer"—by Miss Gwendolynne Schroyer.

"By the Waters of the Min-

netonka"—Sung by Miss Elva Becker.

Murrayville Young People Serve Supper

The Young People's Missionary Auxiliary of the Murrayville M. E. church served dinner and supper yesterday in Carlson's hall. In spite of the rainy weather, there was a fair crowd and the young people realized a good sum as a reward of their efforts. The menu consisted of burgoo pie a la mode and coffee.

Gave Silver Tea

The Happy Hour Class of the State Street Sunday School gave a silver tea Friday evening in the church parlors.

The parlors were beautifully decorated for the occasion and the time was spent enjoyably in playing games and in contests, the latter of which Miss Dorothy Wolsey had charge.

The hostesses of the evening were: Mrs. T. A. Chapin, Mrs. Carl E. Robinson, Mrs. Charles Hackett and Mrs. Florence Wardaugh.

Entertained Sigma Phi Epsilon Society

Mrs. Vorce Bassett gave a very delightful tea at her home on West College Avenue, yesterday afternoon for the members of the Sigma Phi Epsilon society of Illinois College, the honored guests of the occasion being the honorary members of the society.

The affair was particularly for the purpose of introducing the new girls of the society to the honorary members.

Mrs. Bassett was assisted in serving by Mrs. Truman Carter and Miss Dummer.

Birthday Party

Mrs. John Johnson, of 1232 South Main Street, entertained a group of children at her home yesterday afternoon in honor of her little daughter Mary Helen's tenth birthday.

The afternoon was spent in playing games and engaging in contests, after which delightful refreshments were served.

Among those who enjoyed the occasion were: Misses Winifred Spaulding, Bernice Fitzpatrick, Mabel Craddock, Mayne O'Brien, Lucille O'Donnell, Mary Mildred Rose, Marion Louise Lair, Anna Margaret Davidson, Agnes Brennan, Agnes Blesse, Victoria Bock, Lottie Curtis, Annetta Schum, Dorothy Richards, Lola Cannon, Helen and Irene Sturdy, Eugene

Sever, May Tapscott, and Loretta Schy.

CLUBS

Mrs. George E. Baxter and the members of her group of Grace church ladies invite the members of the Woman's Home Missionary society and their friends to a meeting to be held in the church parlors at 3 p. m. October 17th. The study book, "The Child and America's Future," will be used at this meeting, the special subject will be "America's Greatest Asset."

The U. C. T. Woman's club will meet with Mrs. James Leith, 409 South East street Wednesday afternoon, Oct. 17th at 2:30 p. m. Abner Thompson, assistant hostess.

The Household Science club meeting has been postponed from Tuesday, Oct. 16th until Tuesday October 23rd.

Mrs. T. M. Walsh and Mrs. Theodore Hazel will be hostesses to the Catholic Ladies Aid meeting to be held at K. of C. hall Wednesday at 2:30. A full attendance is desired as plans for an entertainment early in November will be discussed.

Free Kindergarten Board Meeting

There will be a meeting of the board at 3 o'clock Monday at Trinity Rectory, 120 South Church street. This will be an important meeting. All members are urged to attend.

The Ladies Aid society of Congregational church will hold an all day sewing at the church on next Tuesday.

The Wednesday class will meet with Mrs. Applebee.

The Children of the American Revolution Junior Division will meet at the Duncan Memorial home Saturday, October 20th at three o'clock.

Miss Elizabeth Donlon will tell stories from American History. Mrs. Caldwell and Mrs. Thomas Hopper, hostesses.

The History class will meet with Mrs. H. H. Bancroft Wednesday at 2:30. Mrs. E. P. Brockhouse will give the program on "Stage Pelks of Today."

The Trinity Guild will meet Tuesday at the church for an all day meeting lunch will be served at noon.

The Monday Conversation Club will meet at 2:30 o'clock Monday afternoon with Mrs. W. S. Jones on Mound avenue.

Mrs. D. T. Heimlich will entertain the Pleasant Hour club at 2:30 o'clock Wednesday afternoon, Oct. 17, at her home, 603 South East street.

Directors of the Morgan county Anti-Tuberculosis association will meet at 7:30 o'clock Monday evening, Oct. 15, at the Chamber of Commerce. Business of importance to all directors.

The Olive Dunlap Missionary society, formerly the Queen Esther society, of Grace church will meet Monday evening at 7:30 o'clock with Miss Jennie Elliott on Mound avenue.

The Fortnightly Club will meet Thursday, October 18th at four o'clock with Miss Luella Blackburn, 283 Sandusky.

The Fourth Ward Parent-Teachers Association will meet at 3 o'clock Tuesday afternoon at the Washington school. Mrs. Robert Muller, president.

The Baptist Woman's Missionary society will meet next Thursday, Oct. 18th at 2:30 p. m. at the home of Mrs. Dennis Schram, 1108 South Main street.

Persons indebted to the firm are asked to make immediate payment.

BARR'S OYSTER HOUSE

EDITORIAL STAFF IS REORGANIZED

New Members of High School Exhaust Editorial Staff Recently Named

The editorial staff of the "Jacksonville High School Exhaust" has recently been reorganized, this action being taken following a vote of the Student Council of the school. A new method was followed in the reorganization of the staff. Students who were desirous of serving on the staff were required to write original stories and editorials and submit them to a committee made up of faculty members and students.

The committee then passed upon the contributions and made the appointments according to the merits of the various papers.

The committee included Miss Margaret Moore, chairman, Miss Mabel Rayle and Miss Hazel Dell from the faculty and Lee Baldwin, Georgia Terhune and Edith Rayle from the student body.

Those who won positions on the staff are:

Editor-in-Chief—Alleen Rabjohns.

Assistant—George Metcalf.

Business manager—George Wetzel.

Assistant—Robert Brown.

Literary editor—Vida Stone.

Athletic editor—Sheldon Nicol.

Senior class reporter—Ina DeBord.

Junior class reporter—Louise Southwell.

The Sophomore and Freshman class reporters will be selected later.

The Exhaust this year will be altogether devoted to news of the High school and will be superior in every way to the productions of previous years. The printing will be done in the High school shop under direction of J. S. May, the printer in charge. The paper will contain four pages and will be issued weekly beginning with next Friday evening.

"Jacob and Esau", fine dramatic film, Westminster, Sunday night, with sermon.

It's good fun

for the boys, to take a bath-a-day, if you have modern, yet inexpensive, bathroom equipment. They enjoy splashing in the tub, or jumping around under a shower. It's extremely healthful—too.

GEESSE FLYING SOUTH
If there is anything in the old adage that the movements of wild geese are indicative of coming weather, winter must be on the way south. Several flocks of wild geese were heard passing over the city last night, moving in a southerly direction.

Why Girls

Are not prettier—why women grow old

By Edna Wallace Hopper

I was a plain girl, but I made myself a famous beauty. I have reached the age of 62, but I keep my youthful looks. Countless young girls envy my hair and my complexion.

No ordinary beauty helps ever did, or ever will, bring such results to women. I searched the world for the best helps in existence. I spent a fortune to obtain them. To them I owe all that beauty and perennial youth have meant in my career.

Now I have placed those identical helps at your call. To girls they mean multiplied beauty, to women continued youth. I urge you to let them bring to you what they brought to me.

The Great Mistakes

Missions of women seeking beauty and youth use scientific helps. Now I bring you the best helps in existence.

Clay is a beauty essential. No girl can look her best without it, no woman keep her youth. But not the crude and muddy clays so many still employ. A super-clay has been perfected by 20 years of scientific study. It is white, refined and dainty. It is ten times more effective than the ordinary clays.

I call this my White Youth Clay. Many women, with one use, seem to drop ten years. It brings a rosy, clear complexion. It removes the causes of blackheads and blemishes. It firms the skin, combats all lines and wrinkles. My White Youth Clay will amaze and delight you. I urge you to see what it does. The cost is 50 cents and \$1.

Scientific Creams

Women use creams which no great expert in the world could sanction. I made a world-wide search to get the best creams in existence.

One is my Youth Cream—a

Hair You Marvel At

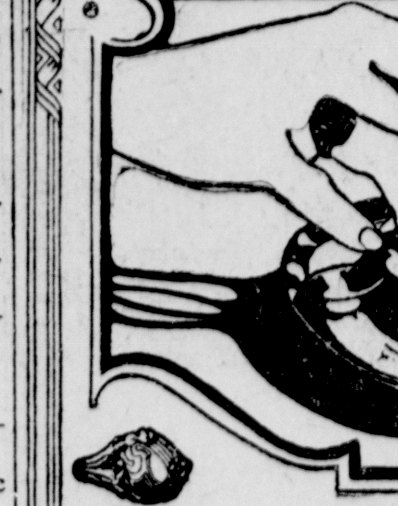

Millions marvel at my luxuriant hair. It is thick and lustrous—finer far than 40 years ago. Falling hair, dandruff and gray hair have never come to me.

This is also due to France. She perfected my Hair Youth. I apply it daily with an eye dropper, directly to the scalp. It does not muss the hair. It cleanses the scalp, stimulates and fortifies. Then the hair roots flourish and bring the results I show.

If you wish like hair, use this method—the best that science knows. My Hair Youth costs cents and \$1 with eye dropper.

All druggists and toilet counters supply these preparations. Nothing else in all the world brings you like results. Go to them. Let them bring you what they brought to me. Edna Wallace Hopper. Business address, Waukesha, Wis.

Miss Hopper is now appearing twice daily in the Pantages V. deville Theaters of the Pacific Coast and Western States.

INVITE TEACHERS TO BOOST COMING PLAY

"Androcles and the Lion" Expected to Attract Large Crowd—Complete Cast Announced

Efforts are being made to secure a large attendance at the performance of "Androcles and the Lion" to be given here on Oct. 19, by the Coffey-Miller Players. A general invitation has been sent to all teachers of the public schools who were also asked to urge their pupils to attend one of the two performances.

The play is being sponsored by the local Kiwanis club, and the funds thus secured will be used in carrying the work of the club with under-privileged boys.

George Bernard Shaw's "Androcles and the Lion" will keep you in a continual roar of laughter.

It is the splendid acting of the entire Coffey-Miller company, the plot and different lighting effects that make the performance one of the best productions now on tour.

Jess Coffey takes the part of Androcles. He gives the audience one of the best comedian portrayals of life in the ancient Roman days and those who have

seen him in this part say that the audience is kept in a fit of undiluted amusement throughout the evening. He takes the part of a Greek tailor, a Christian prisoner who is to be fed to the lions the next day.

The story of the plot takes the audience back to the days of Rome and the reign of Caesar. It tells of the cruel persecution of the Christians and of the true faith that finally won several prisoners their freedom and of the true love of God.

The acting of each individual is splendid and the stage presence of every player, lacks not smallest detail. The cast is as follows:

Androcles—Jess Coffey.
Megaera, his wife—Helen Beth Bossler.
The lion—Himself.
Lavinia, a Christian prisoner—Louise Sawyer.
Centurion—Mark Cole.
The captain—Lorimer Frederic Knoll.
Fervorous, a debauchee—Charles Booth.
Caesar, Emperor of Rome—Sandy Meek.
Lentulus—A Patrician.

SHANKEN'S

SPECIAL GAS STOVE DEMONSTRATION THIS WEEK

Each afternoon this week from 2 to 5 o'clock a stove show and demonstration of the Universal Gas range will be given at the office of the Illinois Power & Light Co., on the north side of the public square. The safety gas economizer will be featured during the hours mentioned each day.

A cooking demonstration will be given under the direction of the home economics department of Illinois Woman's college. The schedule arranged for the different afternoon shows that six students of the department will be in charge as follows:

Monday—Harriet McOmber, Biscuits.
Tuesday—Myra Jane Whitlock, Pastry.
Wednesday—Hazel Quick, Angel Cake.
Thursday—Avis Murphy, Bread.
Friday—Hazel Moore, Meats.
Saturday—Mary Elizabeth Ruark, Cakes.

All these demonstrations will be given in the office and will be under supervision of Miss Grace Tickle, of the Home Economics Department of the Illinois Woman's College.

WOODSON

Mr. and Mrs. James Self and daughter, Miss Nell of Jacksonville spent an afternoon recently with Mr. Self's sister, Mrs. Julia McAlister.

The Woman's club of Woodson has postponed the regular meeting announced for next Tuesday afternoon until Tuesday, Oct. 23. At that time Mrs. A. L. Adams and Dr. Grace Dewey of Jacksonville will address the club.

The board meeting of the county federation of clubs was held at the home of Mrs. Frank Hunter near Strawn's Crossing. Mrs. Luella Henry, precinct president, and Mrs. Ida Megginson attended the meeting.

Burgoo soup will be served Thursday, Oct. 18, at the Christian church under the auspices of the Parent-Teachers association. The proceeds will go toward a fund to equip the new school building. Serving will begin at noon.

NOTICE

The business heretofore known as the Paris Dyes & Cleaners, with office on West State street, H. W. Sparger, proprietor, has this day been sold to Johnson Brothers.

In retiring from the cleaning, dyeing and tailoring business in which he has been engaged for many years, Mr. Sparger wishes to thank his many friends for their patronage and to request a continuation of same for his successors.

POLAND CHINAS TO BE SOLD TUESDAY

J. L. Henry Offerings Will Attract Many Buyers—Dairy Stock Will Also Be Sold.

J. L. Henry, who has for five years specialized in breeding Poland China hogs, has announced a sale for next Tuesday, Oct. 16. Mr. Henry has a new commodious sales pavilion in Woodson, making it very convenient to attend his sales. The sale of hogs is to begin at 1 P. M., and preceding it will be a sale of 22 head of fresh cows and springers, 18 head of calves and yearlings and two young bulls. There are Jersey, Shorthorn, Holsteins, and Angus in these offerings. Mr. Henry's Poland Chinas took most of the premiums for

this department at the Morgan county fair. He was awarded the blue ribbon for grand champion boar at both the Morgan and Scott county fairs. The offerings Tuesday will include some remarkably good boars and gilts, together with a few yearling sows.

Mr. Henry's sales in the past have been uniformly successful and a large attendance is expected. Tuesday as hog breeders know the quality that can be expected at the Henry farm.

Do not fail to attend Indian fete, lawn of Mr. Gates Strawn's home, 5 to 8 o'clock Tuesday, Oct. 16. The public cordially invited. Admission 25c, children 10c.

ARGUMENTS HEARD IN ZACHARY APPEAL CASE

Attorneys Wage Fight Before State Supreme Court on Writ of Error in Murder Trial

Arguments in the appeal of the case of the People vs. Samuel T. Zachary were heard yesterday afternoon in the State Supreme Court. The case was appealed by the defense on a writ of error from Scott county, where Zachary was tried for the murder of Luther Crawford.

The case for Zachary as plaintiff in error was argued by Attorney William N. Hargrove, and that of the state as defendant in error was upheld by Attorneys Carl E. Robinson and Walter W. Wright.

Each side was allowed one hour in which to present its arguments on the points of law involved in the case. The Supreme Court is already in possession of the transcript of evidence and briefs submitted by both sides.

No decision was handed down yesterday and attorneys received no intimation of what the outcome of the case would be. The court may not act for several weeks. If it is found that errors were made in the trial of Mr. Zachary the court can and will grant a new trial. If the writ of error is denied the defendant must go to the penitentiary, according to the sentence pronounced upon him in Scott county. Any new trial must be held in the Scott county circuit court.

CONTRACT IS LET FOR BIG SANDY BRIDGE

This Work Means Construction of Hard Road to the South Is Assured for Near Future

The contract for the building of a concrete bridge over Big Sandy creek south of the city has been let by the state highway department to the Medaris Construction Co., of Greenfield, according to a message received yesterday by L. V. Baldwin, county superintendent of highways.

The bridge is on the route of the hard road to the south and the contract has been let in preparation for the hard road. The bid received recently by the state department for this road was considered too high but it is understood that the contractor has made several changes which will bring his bid within the limit required by the state.

Work on the bridge is to begin soon and County Commissioner J. E. Osborne said yesterday that it will be located just north of the bridge now in service and later the channel of the creek will be changed accordingly. By this plan only a very short detour will be needed while the construction work is in progress.

Mr. Osborne said further that the south road is to be oiled very soon and will be put into good condition for the winter season.

BUSINESS CHANGES • HANDS TOMORROW

Announcement was made Saturday that the Paris Cleaning establishment on West State street, owned by Henry W. Sparger, has been sold to Johnson Brothers effective with the opening of business Monday morning.

The new proprietors are thoroughly experienced in the cleaning business and have for several years been connected with Barr's Laundry. Mr. Sparger who is retiring has been in the cleaning business for 13 years. He is undecided as to his future plans.

HISTORY PAGEANT PLANNED AT H. S.

A historical pageant of considerable proportions is being planned by the history classes and History club of the high school under the direction of the three instructors in that department, Miss Irene Merrill, Miss Mabel Ruyle and Franklin Scott. It will probably be staged in the high school auditorium about Nov. 9, and will consist of the reproduction of episodes from history, beginning with prehistoric ages and continuing to the close of the great World war.

The cast will be selected by the history instructors and the work of preparation will begin immediately. Such a pageant should be of immense value in impressing the facts and spirit of history on the students. Funds raised by the pageant will be devoted to increasing the school library.

WANT TEN FROM HERE AT CHICAGO MEETING

Six Already Pledged to Attend Illinois C of C Convention Next Week—May Get Place on Program.

Ten members of the local Chamber of Commerce are wanted at Chicago next week to represent Jacksonville at the convention of the Illinois Chamber of Commerce, which will open Tuesday morning on floor A of the Morrison Hotel. Already six local men have decided to attend the convention. They are: E. E. Crabtree, C. Y. Rowe, H. C. Welch, Lloyd S. Reid and Judge H. P. Samuel. If four more from this city will attend the convention, five minutes may be secured at the noon luncheon on Wednesday, in which opportunity will be given to set forth the advantages of Jacksonville. At that time one five minutes in which a representative will explain "Why I Am Proud of My City." If Jacksonville is accorded this honor, it is planned to let Fred High be the speaker for this city.

The convention will open at 9:30 Tuesday morning with a conference of the 114 presidents of Chambers of Commerce affiliated with the state organization.

The speakers will be Judson F. Stone, president of the Chicago Association of Commerce; State President John H. Camblin; David E. Shanahan, speaker of the House of Representatives and Richard L. Barr, president of the Senate.

At 2 o'clock Tuesday afternoon will occur the elections of the presidents and vice presidents of the five districts of the state. A series of conferences will be held at 2:30, consisting of discussions of the deep waterway, marking of highways and business arbitration.

At 6:30 Tuesday evening will occur the formal banquet which a number of prominent men will speak. Among them are Alva B. Johnson, president of the Pennsylvania Chamber of Commerce. At one session of the convention, United States senators from one of the national congressional committees dealing with business affairs, will meet with the delegates. Among the senators who will speak are McCormick of Illinois, Brookhart of Iowa, McKeller of Tennessee, Broussard of Louisiana and Reid of Pennsylvania.

FUNERAL OF MRS. FITZSIMMONS HELD

Funeral services for Mrs. Laura Mae Fitzsimmons were held at 10 o'clock yesterday morning from the Christian church at Woodson, in charge of Rev. M. L. Pontius. The church was crowded and standing room was at a premium. Music was furnished by a male quartet consisting of Dr. R. R. Jones, William and Chester Coulton and George Cunningham, with Mrs. Nettie Ezard at the piano.

Flowers were cared for by the Misses Bernice Kitner, Helen Fitzsimmons and Pauline Smith and Mrs. Riggs. The bearers were Howard and Frank Henry, Robert Smith, E. N. Adams, Peter Gaines and Howard Wolke. Interment was in Henry cemetery.

Laura Mae Smith was born near Woodson June 13, 1878, a daughter of Alfred M. and Mary Henry Smith. She was married to Leon A. Fitzsimmons at Woodson on Oct. 2, 1902, who survives her, together with four children: Ava M., Lois E., Galen W. and Kenneth Wayne Fitzsimmons. She also leaves her mother, Mrs. Mary Ann Smith of Woodson and one sister, Mrs. William Galloway of Jacksonville. Mrs. Fitzsimmons was a member of Woodson Christian church.

DONATION DAY FOR HOSPITAL IS NEAR

The time of the year is now approaching when it is customary for the churches of the city and county to make their annual donations of fruits and vegetables to Passavant Memorial Hospital.

The Hospital Aid Society believe that as soon as the chairmen of the committees from the churches are appointed, that the friends of the hospital will respond with their usual generosity and that this work can be completed before Thanksgiving Day.

Donations are already being received at the hospital and besides canned fruits and vegetables, fresh fruits, linens, other household articles and cash are equally acceptable.

Think it over and decide what you can do, and be ready for your collector.

Mrs. Francis Floreth is president of the Hospital Aid, and Mrs. Kate Hollinger is chairman of the fruit committee.

CHILDREN ON S. S. CONVENTION PROGRAM

Mrs. A. E. Powell, superintendent of the children's division of the county Sunday school association, will conduct a program at the county convention on Sunday morning, Oct. 28, at Durbin church. Demonstrations of various methods of teaching will be given, with children from a number of schools taking part. Bible story object lessons and laboratory work. An address on "How to Meet the Needs of Children in a One-Room School" will be given.

MANY GOOD FEATURES AT INDIAN FETE

Event Under Auspices of Rev. James Caldwell Chapter D. A. R. Promises Good Program—Public Is Invited.

The Indian fete given last year by the Rev. James Caldwell chapter D. A. R. was an artistic success. That fact has added interest to the fete which will be given next Tuesday under the same auspices on the lawn of Mr. Gates Strawn's Mound Ave. home.

The fete program will include various musical numbers, together with Indian dances and special features in keeping with the fete idea. The general program will begin at 5 o'clock. The arrangements for the event are in charge of Miss Elie Trabue as general chairman and Mrs. W. Barr Brown as assistant chairman. The refreshment booth will be in charge of Mrs. W. T. Wilson, Mrs. E. E. Crabtree and Mrs. W. A. Bancroft.

The farm products booth will be under the direction of Mrs. C. E. Black, Mrs. David W. Reid and Mrs. Howard Stevenson. Other booths will be popcorn and peanuts, Mrs. Frank J. Waddell; Indian basketry, Miss Mary Wadsworth; hamburger, Mrs. G. E. Baxter; weiner and ham sandwiches, Mrs. C. J. Johnson. Mrs. F. V. Correa will tell fortunes and the medicine man will be George Adams.

Refreshments will be served from 3 to 8 o'clock, the offerings to include pumpkin pie, doughnuts, coffee, ice cream and cake, ham sandwiches, hamburger and weiner sandwiches.

The decorative scheme that will be followed out assures a scene on the Strawn lawn that will be certain to delight the eye and the various other features will combine to make a very attractive fall event. A small admission fee will be charged.

MORE COMMUNICABLE DISEASES SHOWN

Week Gave Increase in Number of Cases in Both City and County—Health Department Keeps Close Watch on Cases.

Communicable diseases in the city and county have shown a slight increase during the past week, according to Dr. R. V. Brokaw, county health officer.

Six new cases have occurred in the city and eight new cases have been quarantined in the county by the health department. The city cases include three scarlet fever, two infantile paralysis, one chicken pox and one diphtheria.

The county cases include two scarlet fever, one infantile paralysis and five whooping cough. The whooping cough cases are all in the Kinman school district on the Chapin road west of the city. Three of them were discovered in the schoolroom, and were promptly excluded by the health department nurse. The scarlet fever cases occurred in the Cross Roads and Maple Grove school districts. The infantile paralysis case occurred in the Mound school district.

Whenever a case of communicable disease occurs among school children it is the routine practice of the health department to examine all children in the classroom for suspicious symptoms and to look up any additional cases that may have been overlooked and lack a proper diagnosis if ailing in any way.

This requires considerable work but it helps very much in preventing a spread of the infection. Only under the most extreme conditions, states Dr. Brokaw, is it advisable to close up a school on account of communicable disease. A much closer supervision can be maintained when the children are left in school.

The infantile paralysis cases are of a mild type. Every precaution is being taken to prevent additional cases, and there is little likelihood of an epidemic at this time of the year, according to Dr. Brokaw.

The total number of cases of communicable diseases of all kinds now under quarantine by the health department, in both city and county, is twenty-two.

R. H. VAIL HURT

Robert H. Vail, a resident of the Pisgah neighborhood, was injured Friday evening when he was struck by a car while leading a horse along the hard road near Oak Lawn sanitarium. He was knocked unconscious and was in this condition when found by some people driving along the road. He was taken to his home and yesterday morning was brought to Our Saviour's hospital. He was bruised about the head and face and suffered injuries to his legs. He is now at the home of his brother, James Vail, on North Diamond street.

RETURNS FROM CALIFORNIA TRIP

George H. Bussey has returned from a vacation trip to California. Mr. Bussey spent a number of days with relatives at Riverside and was in Los Angeles and a number of other principal cities of the coast state and thoroughly enjoyed his trip.

A Parable

Once there was a Woman who went Shopping for Silverware in the Bazaars. And lo, in the First Shop she Visited the Merchant displayed his Wares, yea, even to his Best, which he called Alvin Plate.

But the Woman being very Wise and Difficult to please said: "I will go Hence and Look Around." And verily she ranged the Market Place from End to End! And at the setting of the Sun she returned to the First Shop, (Prices) saying: "I am tired but Satisfied. Lo, I have looked my Fill and can find no Silverware that Pleaseth me like Alvin Plate."

SHOES FOR MEN OF EVERY COLOR NEW BOOTMAKERS IDEA

English Effort to Get Away from Monotony
of Blacks and Tans—Many Bizarre and
Fantastic Styles for Men and Women
at London Exhibition—Other News Items

LONDON, Oct. 13. (By the A. P.)—English boot-makers are trying to get the masculine half of the public to appear in blue leather shoes trimmed with white kid or pale green suede boots, or even brogues of a violet hue—anything, in fact, that will break the monopoly which black and tan hold in the field of men's footwear.

The bizarre shoes described above were displayed this week at the annual fair of the boot and shoe makers. There were shoes made of crocodile skin and boots fabricated from antelope hide.

Women's shoe styles, except for the sport models, all have high heels, none being less than two inches, and this despite the plea of the London chiropodists that the women wear lower heels. All manner of fantastic creations

for the embellishment of milady's sleepers were on display. Walking shoes in bright reds, greens and blues are selling rapidly to a small but constant market, the exhibitors say.

To Brighton City
The bootmakers seem bent on brightening London during the winter, but the bad weather never will be denied, so it is likely that brown and black will continue to be almost the universal color.

Two hundred fifty electoral districts of Scotland are now in the midst of a prohibition fight to determine whether they shall go wet or dry. This is the second time the dry organizations have attempted to wean Scotland from its "Scotch" but the electioneering this time has been much fiercer than three years ago.

MURRAYVILLE

Dr. A. S. Chapman, the new district superintendent of Jacksonville district called on Rev. and Mrs. W. C. Harms Wednesday afternoon. Dr. Chapman will preach in the M. E. church here Sunday morning, Oct. 14 at 10:45 o'clock. Everybody cordially invited to this service.

Mrs. J. H. Spencer and Mr. and Mrs. Warren Wright were Springfield visitors Wednesday. Mrs. C. R. Short of Jacksonville spent Tuesday with her parents, Mr. and Mrs. W. A. Wesner.

Mrs. Clara Crouse of White Hall is visiting relatives here this week.

The Epworth League is planning for a rally service to be held here Friday evening, Nov. 9th. A more extended notice will appear later.

Mr. and Mrs. Harry Strang and sons spent Thursday evening with Mrs. Strang's parents, Mr. and Mrs. William Mortimer of near Woodson.

Mrs. Maude Rimbe was a guest of Mrs. C. R. Short and family in Jacksonville Wednesday night and Thursday.

Mrs. Don Winters and Mrs. V. T. Winters of White Hall were guests Thursday of Mrs. John Spangenberg.

Mr. and Mrs. Henry Osborne of Jacksonville and Mrs. Osborne's mother, Mrs. Dickens of Sullivan, Ill., were callers Thursday at the home of Mr. and Mrs. J. N. Osborne.

The Ladies' Aid society will have their annual chicken pie supper and bazaar Thursday, Nov. 15th, in the church basement.

Mr. and Mrs. Alex Lovell spent the week end with their daughter, Mrs. Frank Lawson and family at Montezuma.

SUGAR TO GO LOWER

Sugar Stocks Not Yet a Buy—Says Babson

WELLESLEY HILLS, Mass., Oct. 13.—"Sugar consumption, which has increased every year for the last five years, is about to decline," according to Roger W. Babson.

"The per capita consumption of sugar in the United States was 55 pounds in 1913," says the statistician in a statement issued today. "In 1919 it had been reduced to 53, only to rise to 91 pounds in 1920. In 1921 the figure reached 97 while last year we jumped to 102 pounds per capita—the highest sugar consumption in history. This year the figure will tend to decline."

"Sugar had been a staple commodity, fluctuating within a rather narrow price range; that is, until the war upset things. During the last four years prices have travelled a rough, unsteady path. From the fixed price of nine cents at the end of 1919 prices shot up to 23 cents—a level 200 per cent above pre-war quotations. Then came the break and the toboggan slide to a low of five cents in December 1921. Since then there has been a steady recovery to a peak of over 11 cents reached this year. Again the reaction set in and prices softened to a level at about seven and one-half cents. In recent weeks there has been a recurrence of the bullish tendency and prices are again close to the year's peak. The fundamental situation, however, both in the sugar industry and in general business would indicate that the upswing is about over and that prices are about to turn toward a more popular level.

"Consumers of sugar should

not stock up heavily, today, but should buy supplies as needed. Prices should be lower by the end of the year.

"The securities of the sugar companies have also travelled a spectacular course. Sugar stocks, like one or two other groups, notably coppers, move in close conformity with the price trend of their commodity. When the commodity is rising the stocks are rising a vice versa. In a sense, therefore, sugar stocks do not discount the future as much as other groups, but are governed by the same conditions that affect the commodity, climate, production and demand.

"The stock market in general touched its peak in November, 1919, and declined with only occasional interruptions all thru 1920. Sugar stocks touched a peak in November, 1919, declined in the spring of 1920 and then soared to a level 12 per cent higher than their previous top. From that point they declined almost without interruptions, finally reaching a low in October 1921, under the pre-war average. During this same period the tendency of the general market had been downward but the movement was of an entirely different character; that is, a low was registered in 1920 and a sizable rally witnessed from that level with another low in June, 1921, slightly under the first point. By October, at the time the sugars were making their low, the general market had made considerable progress in its long swing upward, which continued all thru 1922 and reached a peak last March.

"The recent action of the sugar stocks has been likewise somewhat out of conformity with the movements of the general list. They reached a peak in the fall of 1922 and declined with the rest of the market, rallying in March to a new high above the peak touched in October. This movement had its basis in a sharp rise in the price of sugar and a supposed 'shortage.' While it was going on many people had visions of a repetition of conditions that prevailed in 1920 when there was an actual shortage of the commodity and sugar stock skyrocketed. The strength, however, at this time was a short-lived and sugars went down with the market. There has been a recent strengthening movement based upon the late seasonal rise in the commodity to satisfy canning requirements.

"The long swing outlook suggests not extremely bearish or positively bullish factors. The wind-up of the current season will undoubtedly mean a balance on the right side of the ledger for all of the important sugar properties. Some of them may perhaps see fit to follow the lead of Cuban-American sugar, which recently resumed dividend payments. With the end of the crop year and a somewhat lower level for the commodity, however, sugar stocks may be reactionary, but the downward movement, if any, is unlikely to result in much lower levels than we have seen during the current year. Some time in 1924 it is probable that sugar stocks will be attractive as a speculative purchase."

General business as reflected in the Babsonchart is running at 10 per cent below normal, indicating that readjustment is progressing at an orderly and very satisfactory rate.

UNSEAWORTHY SHIPS IS FRANCE'S PROBLEM

PARIS, (AP)—French freighters of a certain type have earned such a bad reputation among seafaring men that today sailors are refusing to go to sea on them, while naval draughtsmen declare they should be taken out of service altogether.

Twelve such vessels were built by the government during the war. Their holds are clear, with no bulkheads, which permits the sudden shifting of cargo, and their water ballast tanks have a trick of filling unexpectedly. Five of them already have turned over. The last was the Emile Durand, which rolled over with warning and drowned 19 members of the crew.

Nevertheless, some sailors are occasionally found, from time to time, who will take a chance, so several of the craft are still at sea.

THE PHI ALPHA DELTA
Urbana—Nineteen law students at the University of Illinois this year have been pledged to the Phi Alpha Delta fraternity. Among them are J. C. Bell, Joliet; M. F. Denton, Hillsboro; P. L. T. on, Rickford; G. C. McBride, Decatur; Edward Braden, Watska; and Horace Condit, Beardstown.

DIAMOND WORTH \$50,000
LONDON, (AP)—A large, brassy-colored diamond, estimated to be worth \$50,000, has been found in the Wessels mine at Johannesburg. The stone weighs 29 3-4 carats, is of irregular shape and of a superb brassy shade.

GERMAN PRINCE IN A NEW OCCUPATION

Prince of Furstenberg Gains Reputation for Fine Products—Emmy Destin Sues Hair Tonic Firm.

Berlin—(A. P.)—Beer and pretzels have kept Max Egon, prince of Furstenberg, popular in the Furstenberg district of Baden since the revolution upset the old aristocracy. The prince owns a brewery and a pretzel bakery, which he has operated personally, and he has not allowed prices to soar beyond the purses of his neighbors, among whom he mingles on a domestic basis.

The prince bears the reputation of making the best beer in Baden. He is a friend of former Emperor William and frequently visits him at Doorn Castle in Holland. His ancestral castle stands beside the Great spring which is the source of the Danube river, which finds its way into the Black Sea after 2,000 miles of wandering. The prince has accepted the change in the social scheme in Furstenberg with good grace. Frequently he throws open his castle grounds to the public and visits his humble neighbors in their homes and helps them solve the financial problems brought about by the collapse of the mark.

Michael Bohnen, a German baritone who sang at the Metropolitan opera house in New York last season and who will be heard there again this year, is about to appear at the Charlottenburg opera, Berlin, in a new opera especially written for him by an Austrian composer, Emil Nicholas Remnick.

The opera Holofernes, is based on the Old Testament apocryphal Book of Judith. Bohnen will have the role of Holofernes, a general under the Ashirian king Nebuchadnezzar. Holofernes is sent by the king to subdue Judea and other nations west of his empire. When Holofernes attacks the Jews, Judith slips into Holofernes' tent under the pretense of betraying the town, and cuts off the general's head while he lies in a drunken sleep. In addition to being an opera singer Bohnen is well known as an amateur boxer.

German experts have been summoned to Prague to testify how much Emmy Destin's hair was worth to her in her operatic career. Destin is suing the manufacturer of a hair tonic for \$10,000 damages which she alleges she suffered because her hair was ruined by a tonic guaranteed to improve the condition of her scalp.

The singer says that practically all her hair fell out after using the tonic, and she alleges that, in consequence of this, her earning capacity as a singer is greatly impaired. Operatic experts who are supporting her claims say beautiful hair is almost as important as a good voice for a successful operatic career. The defendant company declares that Destin is asking more than the entire value of its factory patents stock and good will, and furthermore it alleges that there have been insinuations that operatic singers general wear false hair, anyway.

Are You Proud?

of the name on your Piano? You would not think of buying a car which carried a fictitious name, no matter how big the firm that offered it; then why buy a Piano or Player on which the name is a stencil?

Thousands of Pianos are being sold, carrying names which mean nothing. Come in and consult the Purchaser's Guide and see what it says about pianos and players handled by us. Every instrument handled by us is made by a company that has been in the business for decades.

9TH CITATION FOR BRAVERY GIVEN TO WELL KNOWN COUNT

Is Husband of Clara Longworth of the Well
Known American Family—One of America's
Indian Chiefs Prominent Figure in
Paris—Boxing Draws Better Than Music

PARIS, Oct. 13. (By the A. P.)—Colonel Count Gabriel De Chambrun, whose grandmother was the daughter of Lafayette, and who married Clara Longworth, sister of Nicholas Longworth, has just received from Marshal Lyautey his ninth citation for brilliant conduct in the French Moroccan campaign.

The citation, in the September army orders, says that "during the hard fighting at Djebel Idjan, and on exceptionally difficult ground, he again gave proof of his admirable military qualities, decision, rapid judgment and calm personal bravery."

The irreconcilable rebel tribes who have occupied the heights of the Atlas mountains for centuries, who live by pillage and are noted for their courage, love of fighting and loyalty to their chieftains, have been greatly heartened by the recent Spanish defeats in the neighboring region to the north.

Rebels Fire Shots

Great quantities of arms and ammunition have fallen into their hands and, as they are among the best marksmen in the world, the maintenance of law and order has become an even more difficult task for the French authorities.

Count De Chambrun, who succeeded in occupying one of their chief strongholds, had the political as well as military success of obtaining the official submission of some of the most aggressive of Ait Idjazzen. The count was attached to the American expeditionary forces in France during the World war and once delivered a course of lectures at the war college in Washington.

Upon the approach of a senate by-election, recently Georges Clemenceau was approached by a committee with a view to allowing himself to be nominated for the seat, made vacant by the death of the incumbent.

"My political life is finished

forever," said the Tiger with a smile. "All that is left me now is to take my place at the window and wait to see my funeral pass."

The former premier has made every preparation for that event except for the act of dying. A short time ago he had a tomb made ready for himself beside his father's. Meanwhile he interests himself in local doings. He attended the opening of the new race track at Chantonnay, and he motors almost daily to Les Sables d'Olonne to do his own marketing.

"White Elk," the redskin chief last heard of as a member of the North American Indians delegation to the League of Nations, is now a leading attraction of a boulevard cabaret show. He dances every night, and has ordered an automobile.

Music and boxing, represented by Paderewski and Criqui, recently appealed for the popular favor of Parisians in a worthy competition for the charitable purpose of obtaining money for France's scientific laboratories. Music came out second best. The recital by the virtuoso of the piano forte drew 110,448 auditors, while 130,095 fight fans turned out to see Criqui's encounter with a relatively unknown Belgian youngster.

Woman's College Art Notes

The School of Fine Arts of the Illinois Woman's College is again in full swing. A class of forty freshmen is being initiated into the mysteries of original designing. In this class designs will be made that are suitable for printed textiles and wall papers, block prints, stencils, monograms, book plates and other applications. At stated times there will be demonstrations in the class of "tied and dyed" Batik block printing etc.

The class in Commercial Advertising which meets once a week is already making layouts for practical advertisements and will soon be glad to receive orders from local dealers who realize that "it pays to advertise."

A Friday sketch class held at one fifteen on Friday afternoons is doing interesting silhouettes in direct brush work from the costumed model. The first half hour in this class is spent in five minute quick-action sketching the rest of the time in more careful drawing and painting. Accommodating members of both faculty and student body pose for this class. Last week Miss Swanson gave various postures incident to the activities of golf. The one Chinese member of the student body posed one Friday afternoon on a gorgeous red Buddha seated on a white silk background.

On Saturday afternoon a class of thirty Home Economics students is getting practice in Free Hand Drawing which conduces to quickened observation and skill with the hands.

On Friday afternoon at 3:15 Mrs. Roxell Seabury acting director of the department gives in Room 86, lantern slide lectures on American painting. This week the lectures were on Winslow Homer and John La Farge. Next week the subject will be Whistler. On Thursdays at the same hour Mrs. Seabury gives a lecture on Historic Ornament. The subjects already covered being the Prehistoric Stone and Bronze Ages, Egyptian, Assyrian and Greek ornament. The subject next Thursday will be Etruscan and Roman ornament.

The classes will be happy to share the lectures with any of the town people who are interested, to come to room 86 at 3:15 p. m., on Thursday and Friday. Every day the regular students of the College who have selected Art as their major subject are at work in the Studio, progressing as their individual talent permits. Drawing in the morning, painting in the afternoon is the present program, and much enthusiasm and competition is in the air.

A few of Mrs. Seabury's studies are on the walls, showing her interest in portrait and figure painting. Visitors who are interested will be cordially received on Tuesdays. The Studio is on the top floor of the College of Music.

APPLES for sale on trees, \$1 to \$3 per tree. Sweet cider by gal. or bbl; bring container. 1 1/2 mi N.W. of Chapin. COME, have a drink with me. WALLACE ORCHARDS

SIGNING OF BONDS MADE EASY FOR BUSY MAGNATES

NEW YORK —(A P)—America boasts at least one labor-saving device against which no complaint ever has been directed. It is a signature machine by the use of which high salaried corporation officials and national, state and municipal government officials are enabled to sign their names to checks, stocks, bonds and other documents from five to 20 times at once.

So far as is known only one company controls or has such machines, and its small office in the financial district is almost continuously filled with men of national or international importance. Just now the Consul General of Argentina is spending an hour or so a day at this office, signing with one stroke 20 of the Argentine government's new short term notes recently offered on the New York market.

The machine is a ball bearing frictionless arrangement with a maximum of 20 fountain pens attached, in addition to the master pen which the individual operating it grasps. Practically all negotiable or other securities must be countersigned by a high official to make them legal.

With the exception of the five or six machines in the New York office of the company, and one in Chicago, none of the machines is known to be in use anywhere in the world. Numerous smaller machines handling five to ten pens, however, have been manufactured for the use of officials who are required to sign almost countless checks to meet weekly or monthly payrolls.

Men with short names have found it possible, with these machines, to sign their name 12,000 to 15,000 times an hour, but longer names are signed at slower speed.

Only once in the history of the company has one of the signature machines been transported from New York for the convenience of the countersigning official. That was several years ago when the Chinese minister at Washington was too sick to leave his residence at the capital at the moment Chinese securities were made or public offering. One of the machines was taken to Washington set up beside the sick official's bed, and several thousand bonds were signed in that way.

INDIA WILL COMPETE IN PARIS OLYMPIAD

CALCUTTA, (AP)—India will be one of the competitors in the Olympic games to take place in Paris in 1924 if plans inaugurated by Lord Lytton, governor of Bengal, are carried out. The governor has called a meeting for the purpose of forming a Bengal Olympic Committee in connection with India's proposed representation. Governors of several other provinces are acting similarly.

"Every care is being taken," says Dr. A. G. Noehren, physical director for India, Burma and Ceylon, "to organize India's participation in the games on a representative basis, so that the chosen Indian team will consist of the best athletes that all the provinces can produce. I have confidence that, although India has not the sporting traditions of such countries as England or France, she will give a good account of herself. There is undoubtedly good athletic talent among her vast population, and who knows but that a potential world champion may not be hidden away in some obscure village?"

"It has been decided," Dr. Noehren continued, "to limit competition to the better known track and field events. With regard to the Marathon race, let it not be forgotten that the runner after whom the race was named dropped dead in the streets of Athens. At Delhi we think it wiser to substitute a modified Marathon of ten miles and, if competitors for this even show special promise, the winner after physical examination could be carefully trained for the longer distance."

FOR SALE
Chandler Sport Touring car, new cord tires, newly painted overhauled motor. Priced right for quick cash sale. Chandler-Cleveland Motor Co., S. Main St. Phone 425W.

FREE STATE REVENUES
Dublin. —(A P)—The official figures of the Irish Free State revenue show that from the beginning of the financial year down to September a period of five months, the exchequer received 13,369,000 pounds sterling as compared with 9,803,576 pounds in the corresponding period last year.

The return indicates that the budget of estimated receipts of 26,000,000 pounds will be exceeded. On the other side the account it appears that the expenditure was 14,474,852 pounds sterling as compared with 7,293,229 pounds in the corresponding period last year. The ministry is being urged by the press to greater economy.

Conservatory Notes

Garnett Hedge, head of the Voice department of the conservatory, will give a recital of song on Tuesday evening, October 23rd.

He will be assisted by Miss Mary Alexander, a graduate of the conservatory, as accompanist. The public is cordially invited to attend.

Miss Elizabeth Peck, who is taking Miss Pines' place in the piano department, will give a recital in the near future in Recital hall. The exact date and the program will be announced later.

Miss Maurine Bradley played a piano solo at the meeting of the Girls' Club in the High school on Tuesday, October 9th.

Miss Clara Smith has recently had charge of the Music Appreciation class at the High school, and Miss Ruth Bradley has taken the music in the Eighth Grade classes at David Prince. Both Miss Bradley and Miss Smith are substituting for Miss Hopner, who is temporarily unable to resume her work.

Miss Andre sang at a meeting of the Service Star League at the home of Mrs. Carriel on West College avenue last Thursday, Oct. 11.

At a reception given for the new Faculties of the College and Conservatory at President Rammelkamp's on Friday evening, October 12th, Mr. Hedge sang a group of solos, accompanied by Miss Mary Alexander, and Miss Virginia Bulard, a graduate of the College and Conservatory, played some piano solos. Both artists were enthusiastically encored.

Mr. Munger plans to give his annual piano recital late in November.

The first rehearsal of the Jacksonville Choral Union, under Mr. Hedge was well attended, and the work on "The Messiah" was taken up with vigor and precision under the forceful leadership of the conductor. The next rehearsal will be on Monday evening, October 15th, and will be dismissed earlier than usual on account of the late hour.

MODART CORSETS

*If Course, We Can't
All Be Slender*

BUT we can at least look slender. The difference may be in just finessing a wayward little curve from where it is to where it should be. Obviously, that means proper corseting.

Can it be done comfortably? More than a million women who wear the Modart Corset know that it can.

Lightly boned, and almost as dainty as your sheerest lingerie, the Modart follows the natural curves, gently restraining and coaxing into perfect proportion the lines that may have fallen into bad habits.

We will be pleased to give you a trial fitting. Then you will get the Modart that is intended for you.

F. J. Waddell & Co.
Priced from \$3.50 up.

Count of the concert at the Woman's College.

The Conservatory Quintet, made up of Mr. Kritch, first violin; Miss Eloise Capps, second violin; Miss Carrie Dunlap, violin; Paul C. Beebe, cello and Mr. Munger, piano, has begun rehearsals; also the Conservatory Sextet, consisting of those already mentioned, and Miss Florence Ward, double bass and Mr. Willard Ribendahl, cornet. The quintet in A major, Op. 81, of Dvorak, and the Septet in E flat major, Op. 65, of Saint-Saens, are the new works being studied.

Mr. Hedge, accompanied by Miss Mary Alexander, is singing a group of songs from the Amy Woodford

CLEVELAND SIX

EXTRA POWER Where Power Counts!

Why the \$1045 Cleveland can outperform bigger and costlier sixes

THE 1924 Cleveland is now known as the finest performer of its class. This is why:

The new Cleveland motor with its modern-to-the-minute design, develops on actual test more horsepower in the driving range than the bulky and less efficient power plant of the average light six.

That extra power is responsible for the thrilling way the 1924 Cleveland rushes past bigger and costlier sixes on hills. It's the same extra power which sends the Cleveland spurting swiftly ahead

when you give her the gas in traffic.

Do you know the effect of that extra horsepower when taking a hill in a car of the Cleveland's size and weight? Do you know what an amazing difference it makes when driving in crowded streets?

Why not come in and make your own tests? Unless you actually drive the 1924 Cleveland Six, you cannot appreciate what extraordinary performance can now be obtained in a six so sturdy, so handsome, so comfortable, and yet so moderately priced.

The Jacksonville Advisory Board Makes Annual Appeal This Week for the Local Post of

THE SALVATION ARMY

\$3500 Necessary to Carry On Humanitarian Work Outlined For Morgan County During the Year

Great Work Being Done in This County by the Salvation Army

Something of the tremendous amount of worthwhile work accomplished by the Jacksonville Post of the Salvation Army during the past year can be realized by reading the report issued by the local Advisory Board which is asking that \$3,500 be subscribed by the people of this county during the coming week so that this wonderful work may be continued.

Did You Know That During the Last Year the Officers of the Jacksonville Post, Salvation Army, Have:	Made 871 visits to families and persons needing assistance?
	Furnished provisions, bedding and clothing?
	Nursed the sick?
	Cleaned and renovated homes where the occupants were unable to do so?
	Furnished 623 meals to the homeless?
	Found employment for men and women?
	Supplied to the needy, 625 articles of clothing, including shoes?
	Conducted Sunday School and Young People's Legion meetings with an attendance of 2,802 young people?
	Given these young people moral, musical and physical training?
	Visited the prisoners at the jail regularly in an effort to redeem them, and secured them jobs when discharged?
	Held regular meetings at the jail?
	Aided and cared for unfortunate Morgan County girls when all others have deserted them, and when necessary, have taken them into the Salvation Army Rescue Home in Chicago, and helped them to start life anew?

YOUR MONEY and How We Are Spending It

Captain C. Weber and Lieut. F. Summers, the officers who are directing the work of the Salvation Army in this city, report that the cost of administration is 5.1 per cent.

94.9 cents of every dollar given for this work is expended on the concrete necessities of charity.

There were held during the year 89 open air meetings with an attendance of 8,439.

There were held during the year 213 indoor meetings with an attendance of 4,599.

There were held during the year 52 Sunday School meetings, with 1,593 in attendance.

There were 52 Young People's Legion meetings held with a total attendance of 1,209.

Forty-six converts were received.

Eleven thousand pounds of coal were distributed to worthy poor.

Three hundred persons were given Christmas dinners.

One hundred and seventy-five toys were given away.

These officers reach a class of people that is reached by no other agency. They salvage and rehabilitate the human derelict, extending a helping hand to the fellow who is down and out, and give sympathy and encouragement to the faltering.

The community gets practically one hundred percent returns for every dollar thus spent. The local organization has spent all its funds. It has not a dollar, in fact, it is in debt.

Everybody in Jacksonville and Morgan County should give something. Just burn a few less gallons of gasoline, or spend less for useless pleasures and turn it into this fund. It will be the best investment of the year. Do your part in carrying on this work—which none others will do.

The county needs this organization. It cannot carry on without funds. The amount asked is small, comparatively. Those blessed with health and reasonable prosperity, should not forget the unfortunate. When the giver, on a bad night, sits in a comfortable home, it will be an additional comfort to him to know that he has done something to make life brighter for others.

Jacksonville Post's efficient young officers, with improved equipment, are planning even greater local work for this wonderful charitable organization

FARM BUREAU NOTES

Poultry Work to Date—This fall culling and caponizing have made prominent features. The culling in several cases plainly indicated that the flocks had not been properly fed. While it has not seemed necessary to put on feeding demonstrations in an instance of two the flocks needed feeding rather than culling.

Project—Plans were made Saturday for bringing in the prize winning litters of J. W. Rawlings and E. J. Reid and showing them for a short time on the square. The weather and roads caused us to postpone that feature until a nice day when there was a crowd in town to see what could be done by a good feeder in six months.

Oil Sprays for San Jose Scale—The lime sulphur spray no longer seems to control the San Jose scale. A group of entomologists at Vincennes on September 19 came to the following agreement:

"For control of San Jose Scale on apple in southern Indiana south of Indianapolis and in Illinois south of a line drawn from Quincy to Urbana, also where the scale is abundant or increasing in Northern Indiana and Illinois, oil sprays applied in fall or spring when the trees are fully dormant are recommended."

"The oil sprays found effective are the miscible oils and the boiled lubricating oil emulsion, the miscible oils to be used at the rate recommended by the manufacturers and the lubricating oil emulsion at a 2 percent strength as recommended in the government and state publications. In heavy infestations a 3 percent emulsion is recommended."

Community Meetings Arranged by Farm Bureau—In addition to bringing members together, these meetings will further several of the projects included in the program of work adopted by the executive committee last fall. The motion pictures really are a demonstration of desirable production projects fostered by the farm bureau. The schedule for the coming week is as follows:

Tuesday—Alexander—C. E. Keenan, Chairman.
Wednesday—Nortonville—C. E. Story, Chairman.
Thursday—Literberry—H. D. Crum, Chairman.
Friday—Ebenzer—Austin Patterson, Chairman.
Saturday—Durbin—S. A. Darley, Chairman.

All of the meetings will be called promptly at 7:30 P. M. The women and children are especially invited.

Baby Beef Club—Morgan County has never had a Baby Beef Club. Sometimes we have had almost enough lined up to make a club, but it has never come to pass. We question whether the formation of a Baby Beef Club really expresses a community need. However, if it does we ought to have our calves on feed by December 1. The farm adviser does not care to push a club where there is not at least five in a community who will enroll and stick, and some interested person agree to act as local leader. Club work of the variety we have sometimes had to put up with in this county, is really a sounding brass and a tinkling cymbal.

Past Season Poultry Culling—Demonstrations will be given Monday morning at 9 o'clock at Ira P. Storys, Murrayville, and at 2 o'clock Monday afternoon at E. C. Keplingers south of Waverly. These demonstrations are later than the recommended season, but the farm adviser has been too busy to give them sooner.

Don't Rush New Corn on Market—J. C. Swain thinks the corn market will keep fairly satisfactory if farmers will not rush new corn on the market. His viewpoint seems sound in view of the fact that there is no great supply of old corn.

BLUFFS

Bluffs, Oct. 10.—Mrs. I. T. Archer of Decatur is the guest of her daughter Mrs. H. M. Stephens and family.

Mrs. Wm. Borum of Springfield arrived Wednesday for a visit with her uncle B. F. Rockwood and family.

A number of the high school students attended a welter roast in the Vanner Grove south of town Wednesday night. About fifty from Bluffs and vicinity enjoyed the outing and all report a good time.

Mrs. Lou Richards and daughter of Champaign are the guests of the former's sister, Mrs. Lee Morris and family.

Mr. and Mrs. Wm. Botterbusch were visitors in Meredosia Thursday.

Hog cholera has broken out in this vicinity and Dr. Webster veterinary of Winchester has been engaged to vaccinate hogs on the Botterbusch Batley, Rockwood and Price farms Saturday.

Farmers have finished planting their wheat in this vicinity.

Lee Kory, student in the high school suffered a badly sprained right ankle Friday evening while practicing basket ball. Dr. C. A. Evans attended to his injuries.

Mr. and Mrs. Arthur Northup have purchased the Orville Bush place in the south part. Consideration \$2600. Mr. and Mrs. Bush expect to leave in three weeks for Springfield where they will reside.

Benjamin Rockwood came down from Jacksonville Friday evening to spend the week end with his mother, Mrs. Ella Rockwood and family.

Mr. and Mrs. Thomas Paulier and daughter Miss Marie spent Sunday with her sister, Mrs. Ella Rockwood.

ANOTHER SHIPMENT OF EASTERN PATTERN HATS JUST RECEIVED ON SALE THIS WEEK, REMARKABLY ATTRACTIVE AND REASONABLY PRICED AT HERMAN'S, EAST STATE STREET.

ASHLAND LADIES AID TO HOLD MEETING

Ladies' Aid Society of M. E. Church Plans Meeting Next Thursday—Party Attended Convention in Peoria—Other News

Ashland, Ill., Oct. 12.—The next meeting of the Ladies' Aid society of the Methodist church will be held Thursday afternoon, Oct. 13th at the home of Mrs. George S. Burgen.

Mrs. S. N. Zahn, Mrs. J. A. Biddle, Miss Myra Beggs, Miss Nell Beggs and Miss Helen Rearick were in Peoria this week to attend the branch meeting of the Women's Foreign Missionary society of the Methodist church.

Mrs. Charles Larrabee of Sibley La. is here for an indefinite stay at the home of her father, Hiram Smith.

Mrs. William Davidson and family are guests of relatives and friends at Shoals, Ind.

Dr. George A. Lightle was a Springfield visitor Thursday.

Conway Wallbaum was taken to Our Saviour's hospital in Jacksonville Thursday for further medical treatment. He was accompanied by his mother, Mrs. Martha Wallbaum who will remain with him.

George S. Burgen left Thursday morning on a business trip to Bowling Green, Ky.

Mrs. Roy Edwards and daughter have returned to their home in Moberly, Mo., after spending the summer with her parents, Mr. and Mrs. Frank Graff.

Mrs. Minerva Way has gone to Springfield where she will be a guest a few days of her daughter, Mrs. John Chitticks.

Perdewie Thannert made a business trip to Springfield Wednesday.

Dr. Smedley was a Thursday morning arrival from Tallula.

Miss Helen Garner arrived in Ashland Thursday afternoon from Colfax, Iowa for an indefinite stay with her mother, Mrs. Grace Garner.

Mr. and Mrs. Harry J. Lohman and Mrs. P. R. Hinds went to Peoria Thursday making the trip in their automobile.

Mr. and Mrs. Charles Davison and Mrs. Anna Fearn were Beardstown visitors Wednesday.

Mr. and Mrs. Harry G. Way represented Ashland Thursday in Jacksonville.

George Way who has employment on the Jacksonville hard roads, drove over to Ashland Wednesday evening and returned Thursday morning.

Mr. and Mrs. J. C. Couchman motored to Ashland Thursday from near Tallula and spent the afternoon.

Mrs. R. C. Corson, Mrs. J. A. Way, Mrs. George Way and son, Billie made a business trip to Peoria Thursday afternoon.

TRAVEL NOTES ON JAPAN

(By S. W. Nichols)

Japan owes an immense debt of gratitude to the pioneer missionaries of the Christian religion who went there soon after Commodore Perry caused the door to be opened in 1856. At first, and at times later, there were persecutions but now there is general religious freedom throughout the empire. Marquis Ito, one of the greatest men the country ever produced, said it was largely due to the early missionaries that the country took such forward steps in many directions.

For instance: In the Russo-Japanese war, the recovery of Japanese soldiers from wounds and disease was unequalled in the annals of any previous war while their general health was fine. Education is quite general throughout the empire and while the state of woman is hardly what it is in other enlightened lands; it is so far in advance of that in many, that the conditions are most

gratifying to those who have traveled elsewhere.

I traveled many days through Mohammedan lands. In the small villages I never saw a woman or a girl decently dressed and her hair combed, and in all of them, Egypt, Syria, Palestine, Turkey, and elsewhere I never saw a woman smile nor did I ever hear a hearty laugh by any one. I had the same experience in Russia, where, in a trip from one side of the land to the other, I did not once hear a man laugh heartily if at all; I never saw a woman smile. One who has not spent weeks and months under such conditions can hardly realize what it means. It is in fact depressing. Think of the many lands where the children don't play and the women know nothing of the bright side of life and, and then contemplate Japan with her merry children; her laughing, light hearted women and girls.

I shall never forget a shout I caused when I tried to air the few words I had acquired. I was hurrying off a boat and some one gave me a friendly lift and desiring to thank him I said the word that means goodbye. My confusion and attempts to rectify the matter made the situation worse and much fun ensued, girls as well as men and boys joining in the merriment.

Some time since the minister of home affairs issued a request for a general conference of representatives of the Shinto, Buddhist and Christian faiths. It was held, all the empire but one province, away behind the times, responding. Some of the old heads objected to meeting on terms of equality with Christians, while others doubted the wisdom of it anyway, but the minister said that education and religion should go together and that even ethical education without religion was not sufficient.

The meeting or conference was held and after much discussion the delegates adopted resolutions declaring that the gathering was in conformity with the government's liberty; each person being permitted to follow the dictates of his own conscience with entire freedom, and the desire of the ruling powers to promote good conduct on the part of all. The following statements were adopted which declared the sentiment of the conference and its aims.

First: "To foster and develop our respective creeds; to promote the welfare of the state and to contribute to the development of national morality."

Second: "To hope that the authorities concerned will respect religion, promote friendly relations between the statesmen, religious and educationists and contribute to the progress of the nation."

The result of the conference was for good. The Japanese Y. M. C. A. and other movements for the welfare of the young became so popular and fraught with so much good that the Buddhist and Shinto priests had to take notice of the fact and at once undertake more progressive ways in their antiquated manner of service.

The Methodist Episcopal church is the strongest of any of the denominations and, when I was there it had cut loose from the domination of the home church in America and had a conference and bishop of its own. I attended some of the sessions, and while unable to understand the language was impressed with the evident value of the work being done.

The presiding bishop was a fine looking man and evidently well educated and capable for the work he had in hand. There were the usual presiding elders; I think they still call them candidates for the ministry and reports in general and all seemed to be done in due order.

The Lord's Supper was observed, and I had the great pleasure of partaking of it with the Japanese brethren and sisters and felt the occasion to be one of deepest interest.

It is of no use to go into statistics, suffice to say Christianity

has a strong hold in Japan and Korea, and the kindness of the United States and the generosity shown in the great calamity will add much to the friendly feeling between the two nations and demonstrate the real value of the Christian religion.

The fearful Chinese literature used by the Japanese develops most wonderful memories on the part of even ordinary school pupils while those further up in the literary scale have still greater retentive faculties.

I once visited a college for young men and was invited by the president to address the students. I asked him how long I should speak and he replied as long as I chose. Then I wanted to know how often I should stop for the interpreter and he said not at all; go on till through.

I took for my text a piece of common cast iron worth perhaps three or four cents a pound. Converted to steel it will be worth much more; make it into springs for jinnickishas and its value per pound is greatly increased; transform it to watch springs and great is the increase, while watch hair springs are worth four thousand yen a pound (\$2,000).

I talked perhaps fifteen to twenty minutes and then the interpreter repeated in the Japanese language my address to the students and the missionary said the young man gave it almost verbatim. I impressed on the young men that a person's mind was like the cast iron, and the transforming process increasing its value, was like education with this difference; the metal is inanimate, while the culture of the mind is largely with the individual.

I can never forget a delightful hike we took one pleasant day over a great mountain near the city of Tokio. The weather was delightful and all conspired to make the occasion ideal. My young friend was so delighted that she forgot all about being tired and bravely kept up till the last. Our guide was a rather quiet young man but very polite and attentive. The way was at no time especially steep, and in the sides of the mountain were much diversified. Among the trees were many shrines and thither we saw various pilgrims wending their way. Here and there we passed a beautiful waterfall, while flowers and trees were a lovely picture to behold.

The city lay at our feet and the ugly outlines of the frail houses were hidden by trees and other objects and all was lovely and attractive. On and up we went and were joined by a man who was evidently a priest of a high grade. He could speak no English but seemed most wonderfully to enjoy being with us. He so guided us to various attractive spots which we much admired. Once he excused himself by signs and hastened to a tunnel in the trees and returned with a book of beautiful views which he presented me with many polite bows.

When noon arrived and we set down our lunch basket he declined an invitation to join us, but withdrew and waited till our meal was finished and again favored us with his company. He was a very interesting person and evidently had authority from the manner in which he conducted himself.

Finally, as we were descending the other side of the mountain we came to a long flight of stone steps down the declivity and there he decided, for reasons known to himself, to go no further, but stood at the head of the stairway with his hands extended in benediction as far as he could see us.

We passed a number of temples where devout worshippers had paid their vows and left their offerings in money scattered about the floor by the altar and doubtless no native would touch it.

So much more I could write of the trip, but will end by saying that returning we rode by boat in a canal thru that tunnel in which so many lost their lives during the recent calamity which overtook the land.

ADJUSTABLE WING AIRPLANE BUILT

HARBIN, Manchuria (AP)—An airplane with adjustable wings, enabling the pilot to alter his speed materially during flight, has just been given a series of tests here with highly satisfactory results. The inventor, J. J. Dill, a Russian engineer, believes his device will correct a long recognized defect in the science of air navigation.

Dill's invention consists of an apparatus for altering the "angle of incidence" of the plane while flying. In the tests it was found possible to alter the angle eight degrees, causing a corresponding difference in speed, ranging from 180 kilometers an hour to 90, and to make a landing within a space of 15 meters.

A 120 horsepower French motor was used and the airplane had a wing spread of approximately 33 square yards. The pilot was a Russian, Kudaienko, attached to Marshall Chang Tso-lin's flying staff.

Dill claims his machine can attain a high speed 40 per cent greater than that attainable by the rigid type of airplane; a low speed 26 per cent less and a climbing speed 31 per cent faster.

Mrs. M. Branson was a White Hall shopper in the city Saturday.

SPECIAL DISPLAY OF GOWNS

WE INVITE YOU TO A DISPLAY OF STREET, AFTERNOON, DINNER, AND EVENING GOWNS, MONDAY, OCT. 15TH, IN THE READY TO WEAR SECTION ON OUR SECOND FLOOR.

F. J. WADDELL & CO., Inc.

COLLEGE OF MUSIC NOTES

The children's classes are now so large that an assistant has been procured for Mrs. Martin, and the piano class under Miss Kirby, divided into two sections. This department will have three concerts before Christmas, as well as the Saturday morning informal recitals every month.

A most enjoyable picnic was given on Monday by the Academic and Music faculty to the new members

of the staff. Supper was served on the knole overlooking the water-works and games were entered into with great zest.

Fredericka Balch gave violin numbers at the Y. W. C. A., meeting on Sunday.

Christine Cotner gave a group of violin solos at a tea given to the Y. W. by Dean Austin and other members of the faculty.

It is an interesting fact that Jan Chiapusso trained for his career as a pianist by swimming the Rhine and that he swims and rows by the hour on summer days. Chiapusso believes that the artist should not spare his hands—that they should gain strength in every way possible,

that the whole body should radiate health, "a weak body makes a weak spirit, great music and great playing is an expression of health." This is the way this distinguished pianist puts it. Born of Dutch and Italian parents, Jan Chiapusso attended the schools of The Hague, after entering the Conservatory at Cologne and after three years of study there, winning the coveted musical prize at Paris, competing with sixty pianists. The judges were Harold Bauer, Alfred Cortot, Gabriel Piere, Raoul Pugno and others.

Later years brought concerts in Italy, Spain, France, Germany and now in the United States, which he prefers to other countries. In his

various recitals last season he played about two hundred different works, ranging from the early classics to the most modern composers. Mr. Chiapusso will be heard here on Monday, October 15 in the first concert of the I. W. C. Artist Series. The full program will be published elsewhere in this issue. All those interested in music are urged to attend this remarkable concert. The first faculty recital of the season will be given by Director Henry Ward Pearson, organist, on October 22 at 8:15 p. m. He will give at that time an unusually comprehensive program, ranging from the classics to the finest modern compositions for the organ.

JEWETT SIX
PAIGE BUILT

Try to Pass It On a Hill

Then You Will KNOW Jewett Six
Has More Power

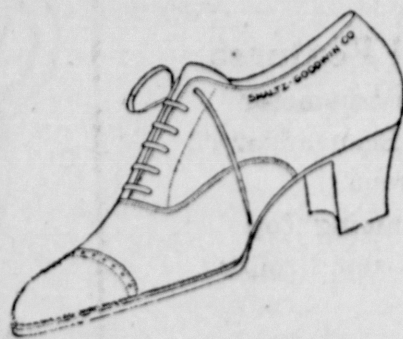

LOTS of "boulevard beauties" are "duds" when asked to climb! That's where real ability shows. And that's where the new Jewett Six is daily out-shining "light" sixes—and cars costing far more than Jewett.

The new Jewett Six outclasses all cars its size. It has a full 50 h.p. six-cylinder motor—Paige-built. Cylinders are 3 1/4 x 5 inches—which means 249 cubic inches of piston displacement. Check those figures against any "light" six. Form your own opinion of performance-possibilities of lesser-powered cars.

Having such power, Jewett Six need not be skimped in an effort to attain performance. Nor is it 6-inch-deep frame; husky Paige-Timken axles, front and rear, all-steel universal joints; springs 80% of wheelbase. The new Jewett weighs 2805 pounds—from 200 to 400 pounds more than "light" six cars of the same size.

And with all this husky strength and weight—Jewett drives from 2 to 60 miles an hour in high; passes most any car on any hill; accelerates from 5 to 25 miles an hour in 7 seconds in high. [Try that with any other car!]

Yet Jewett Six costs only \$1065 [at Detroit]. Old-time motorists are amazed at its performance, stamina and astounding value. Drive it yourself. Call us up. Have a ride, any time. You'll agree that Jewett out-performs most any other car you've ever driven—particularly when compared with "light" sixes of less power, less weight, less strength and durability! (623)

in appreciation

of the Enthusiasm Manifested during the
Formal Opening of our new store

IT has been extremely gratifying to us to receive the many kind expressions of good will, the compliments on our stock and wishes for our success. The manifestations of those who viewed the store and its contents during the Opening is sufficient proof that Jacksonville has long wanted a store of this character. It is our ambition and pledge to make this store your store; to make your buying here a genuine pleasure; to give you the greatest variety of merchandise possible; to display it in such a manner as to make selection convenient.

In addition we pledge ourselves to sell the best quality Ladies' Apparel at the lowest prices. Too, personal service will be one of the paramount features of this new store. Courteous salespeople will gladly show you through the stocks at any time without obligating you in any way. If there is some particular style of garment that you would like to secure which cannot be found in our stock you need only to make known your desire. Our New York representatives specialize in this particular kind of service.

All we ask of you is to help us make your store what you want it to be.

Tomorrow the Real Selling Begins

We are all in readiness to start off the first day of real selling tomorrow. Everything is arranged and each garment is marked in plain figures. Come in and see how really far your dollars will go toward getting a new Coat or Dress.

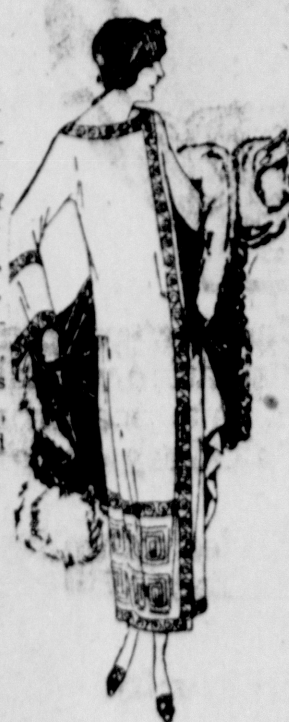

Sport
Coats

Just the thing for knock-about wear. Smart new models, some of them with fur collars. They come in stunning imported checks, plaids and stripes. See this unusual showing.

Dresses

Crepes; fulgarant satin; jacquard crepe; combinations of dull and shiny silks with drapes, trailing lines, frills and circular flounces. Favorite shades are wood brown, russet, blue and black.

Dress
Coats

Too, you'll love the dressier coats of deep pile fabrics, enriched with quantities of fur and embroidery. Circular effects, Godet flares and straight lines prevail. Exceptionally priced.

THE NEW AND FINER GAS RANGE

Offering a Grand Opportunity for ONE Week ONLY
OCTOBER 15th to 20th

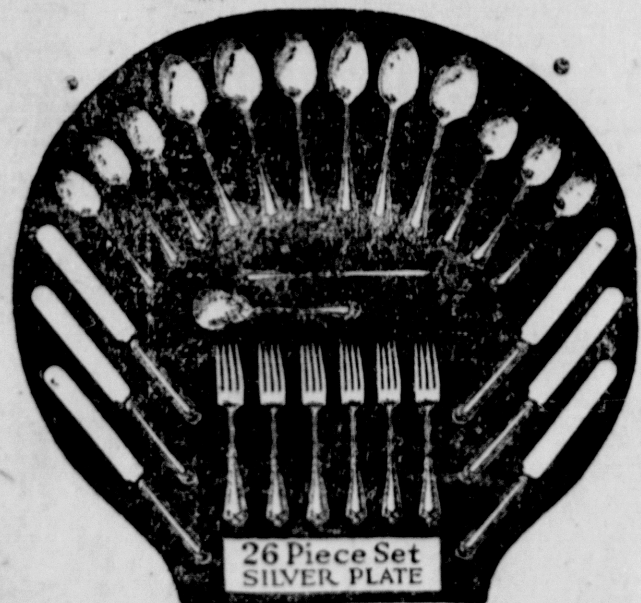

Here at last—a real STOVE Show. Something that women have always wanted. We have induced Cribben & Sexton Company, of Chicago, makers of the new Universal Gas Range, to have their experts in our store on the above dates. They will conduct an educational exhibit and

YOUR OLD STOVE TAKEN IN EXCHANGE

During this exhibit of Universal Gas Ranges we'll take in your wasteful, broken-down, old coal or gas range and on the strength of it make you an especially liberal allowance on your new purchase. Make your own terms on balance. An opportunity. Grasp it. Come in tomorrow.

FREE! Set of Rogers Silverware FREE!

During This Demonstration Only!

With every Universal Gas Range purchased during this demonstration we will include without charge* this beautiful 26-piece set of Rogers Oak Grey design guaranteed silverware.

This set of silverware carries an unlimited guarantee from the makers, William Rogers & Sons.

Don't Miss This Opportunity!

Bargains In Used Stoves

We have a variety of rebuilt stoves, coal, wood or gas, which have been traded in on Universal's which we will sell at very attractive prices. Some of these stoves are as good as new and if you are looking for a real stove bargain we have it.

exposition. They will show you how baking, roasting and broiling have been made easier. The remarkable inducements which are offered during this STOVE Show are limited to the above dates. Then they will be withdrawn. Read the details carefully. Prepare to come whether or not you need a gas range. You will not be obligated in the slightest—and you will see the "Gas Range at its highest perfection."

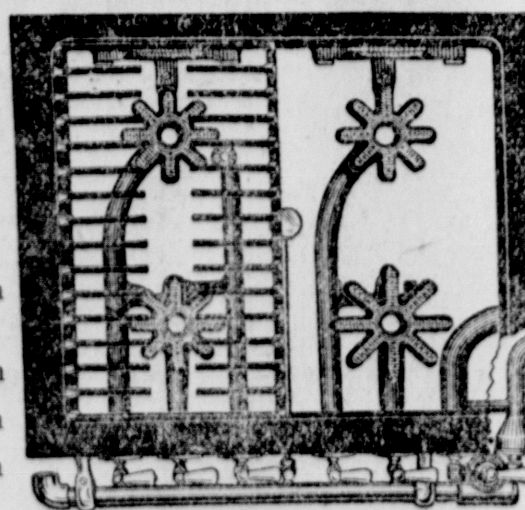

UNIVERSAL GAS RANGE

Let the factory experts show you the beautiful appearance, symmetrical lines, sturdy construction, sanitary features and economy of operation and explain to you why this range created such a sensation at the National Gas Show. Before the Universal Gas Range was brought out, domestic science experts and hundreds of women were consulted. Their ideas are incorporated in this new gas range. Two of these improvements are described at the right. Don't fail to see and have these features explained. Also be sure to see the unmarred elegance of the range itself. Doors are flush, corners are square. Bolts and unsightly projections are gone. But remember: There are only a few days to attend. Be sure and see this

Sanitary Top Grates
Aluminum Fused Rust-Proof Oven Linings.

Full Size, Sanitary, Cooking Top

This feature appeals strongly to the busy housewife. She has plenty of room for her cooking vessels. Note the sanitary gas grates shown above. All rounding corners. No grill work. Easier to keep clean than any other made. Burners are supported with cast iron braces. They can't sag or drop down. They can easily be lifted out for cleaning. Even the oven burner can be removed for cleaning.

Aluminum Fused, Rust-Proof Oven Linings

These linings must not be confused with ordinary aluminum painted linings. This is a patented process whereby the base metal is dipped into a hot melt of pure aluminum and copper at 1500 degrees, filling the pores with this pure aluminum and copper alloy and fusing it into the metal. This process renders the linings rust-proof and this ALUMINUM-COPPER COATING will never melt or peel.

See These Remarkable Features

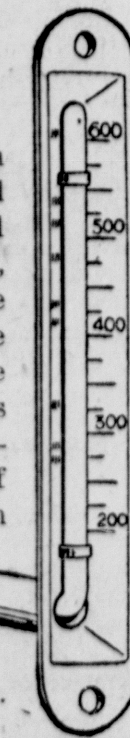

New Universal Safety Gas Economizer

Is a two-way valve which gives countless heat adjustments for baking, broiling, roasting and toasting. A turn of the valve to light gives baking heat in five minutes. After you have baking heat turn valve to bake and do your baking with just one-third of the gas consumption. It is the most remarkable fuel-saver ever invented. Cuts your gas bills way down. No more opening of doors to inspect flame. No guesswork. You have positive control of oven and broiler heat at all times.

New Universal Mercury Thermometer

Is a revolutionary improvement and when used in connection with the Universal Safety Gas Economizer makes baking and roasting a pleasure. It is easily read, being inset into the main front of the range. The heat graduations, as to the degrees and different articles to bake, are plainly marked on the thermometer. It is absolutely reliable. Recipes can be followed without guesswork or chance of error. It registers oven heat to a fraction of a degree. No need to worry about food burning or under-cooking. Women agree that this feature surpasses anything of its kind ever put on a gas range.

High School Won--I. S. D. Lost to Champaign

Mitchell's Warriors Defeated White Hall

Take Game by Score of 13 to 0 on a Field Covered with Mud—Barr at Left End Plays Stellar Game

Jacksonville High school added another victory to their list Saturday afternoon when they met White Hall High school on a muddy field in that city and got away with the long end of a score of 13 to 0.

One of the noticeable features of the game was the defensive work of Barr who substituted for Massey at left end, Massey being out of the game on account of a number of boils. Considering that this was practically Barr's first game his work was almost stellar in making clean tackles and getting under punts well. It was

a great relief to the team to know that they would suffer no serious setback on account of the absence of Massey from the line.

The line, as a whole played scrappy football which was entirely necessary to hold such men as Bill Smith who was easily the star of the White Hall aggregation. Hunt and Arnold, with the aid of good interference were able to duplicate the good work of the preceding performances, several times getting out of apparently impossible situations for long gains.

The team as a whole is fast rounding into the best of shape, and except for serious sickness or accident should be at top-notch within the next few games.

First Quarter
Jacksonville was able to score

in the first quarter on a kick which White Hall fumbled. Hopper recovering the ball for a touchdown. Hunt kicked goal. Score—Jacksonville, 7; White Hall, 0.

Second Quarter
No scoring was done in this quarter, straight football being used with not much advantage to either team.

Score—Jacksonville, 0; White Hall, 0.

Third Quarter
Jacksonville took the ball into scoring area but lost on a fumble. On White Hall's return kick Jacksonville recovered the ball on the 35 yard line. From there Arnold carried the pigskin almost to the goal line and this followed by two plunges by Johnson gave Jacksonville their second touchdown. No goal.

Score—Jacksonville, 6; White Hall, 0.

Fourth Quarter
Jacksonville remained on defensive most of the quarter holding White Hall down. White Hall completed one or two passes for small gains but soon lost the advantage by sweeping end runs on

which they were thrown for loss. Although they threatened once or twice they were unable to make their goal.

Score—Jacksonville, 13; White Hall, 0.

Barr	Left end	England
Hopper	Left tackle	Bagshaw
Curtis	Left guard	Hubbard
S. Smith	Center	H. Smith
Ransdell	Right guard	Jouett
Deweese	Right tackle	Kemp
Sanders	Right end	Knight
Hunt (Capt.)	Quarterback	P. Smith
Corbridge	Left halfback	Hansberger
Arnold	Right halfback	McClure
Johnson	Fullback	W. Smith

ROUTT HIGH LOSES TO CARROLLTON HIGH

Greene County Leads Score 19 Points in First Quarter—Routt Showed Improvement

Playing two absolutely different kinds of football, Routt High met defeat at the hands of Carrollton on the latter's grounds Saturday.

Some idea of the game may be gained from the fact that all of Carrollton's points were made in the first quarter. Routt strengthened in the second quarter and from then on the game seemed back and forth, Routt's backfield not having the punch to put the ball over, and Carrollton's making only short gains, although they pulled off two short passes in which their man was downed in his tracks. The field was heavy and both teams had trouble in holding the elusive pigskin alive. Routt showed less tendency to fumble than in the Roodhouse game last Saturday. At one play during the game the ball was in the hands of six different players in succession, on Carrollton's fumble but the ball was finally captured by Carrollton several yards on the outside.

Routt was handicapped by the absence of Gebert, due to injury although Sehy at half played an excellent game, hitting the line hard; Routt was also handicapped by the loss of Murphy who was forced to quit in the second quarter. Devlin at quarter and Mallen at end played a good defensive game and Carrollton was unable to make any very extensive gains thru center and guard. The Carrollton team has won all three of its games this season and has an open date on November 3rd for which date they would like a match with some team. Coach Ira D. Fanning will send his men against Palmyra next Saturday and considering the showing that team made in Jacksonville against the I. S. D. Fanning's men should be able to add another victory.

Carrollton's first touchdown was made thru tackle and goal was kicked; the second was the same story, with no goal; the third was made on a pass, with no goal.

Routt's lineup for the game was as follows: Devlin, qb and rb; Murphy, qb; Clancy, qb; March, qb; Wright, hb; Sehy, hb; Early, rg; Walsh, lg; Cleary, c; Henry, rt; Gwinn, lt; Fitzgerald, re; Mallen, le. Referee, Ribelin, Illinois college; umpire, Alexander, Illinois college.

YANKEES BOMBARDED GIANTS SHARPSHOOTERS

a long triple over his brother Emil's head in left field and Dugan and Ruth cantered home with the fifth and sixth runs. That blow knocked out Ryan and McQuillan ended the inning by causing Pipp to fly out to Stengel.

Witt's double in the third, his third straight hit, scored Ward who had walked and advanced on Scott's single, with the seventh Yankee run. The eighth and last came in the fourth when Ruth walked and tallied on hits by Pipp and Ward. Only twice thereafter did the Yanks get a man as far as second, Shawkey reaching the Keystone sack in the fifth on his single and Witt's sacrifice while Ruth doubled in the eighth.

Meanwhile the Giants were hitting Shawkey freely but not in the pinches. Twice they were checked by double plays, one engineered by Dugan in the seventh that stands out among the most sparkling defensive feats of the championship.

Bentley, batting for McQuillan, Texas leaguers to left to start this inning. Baneroff caught one of Shawkey's curves and sent it crashing on a line toward left field labelled, it seemed a certain hit, but Dugan lunged instinctively, shot out his gloved hand and the ball struck. McGuire, running for Bentley, was off to the second sack with the crack of the bat and was easily doubled as Dugan completed his marvelous play.

Lack of punch cost the Giants chances to score in the first, second, fourth and sixth innings but in the eighth they broke thru and batted around scoring three runs on four hits, a walk, hit batsman and two infield outs.

Young started the fireworks by beating out a bunt to Dugan by inches and went to third on Irish Meusel's hit that spoiled what looked like an easy double play for the Yankees when the ball took a sharp bound over Everett Scott's head. Stengel's single scored Young and on Ruth's wild throw to third Meusel and Stengel crossed the plate on another infield out by Snyder who had previously lined a ball into the left field upper tier that was foul by inches.

Shawkey, even with the bases cleared could not settle down and after hitting O'Connell, a pinch hitter, for Jonnard, allowing Baneroff a single and walking Groh to fill the bases, was relieved by Penneck. The southpaw got himself into a three and two hole on Frisch but then forced the second sacker to pop out to Scott.

Thus the Yankees came back to new heights and in the opinion of observers tonight hold the whip hand in the remaining fight

NOTRE DAME HANDED ARMY GREAT SURPRISE

Coach Rockne's Warriors Defeated West Pointers 13 to 0 by Using Line Plunges and End Runs

NEW YORK, Oct. 13.—Coach Rockne's football team from Notre Dame came to New York today and handed the cadets from the West Point military academy a 13 to 0 defeat. The game was played at Ebbetts Field, Brooklyn before a crowd of more than 30,000 persons. Army never threatened seriously to score, although there were some brilliant runs by Smythe, the snappy quarterback. Notre Dame first managed to cross the goal line in the second period on a throw from Stuhldreher to Layden.

The westerners' second touchdown came in the fourth period near the end of the play. Garisch, the Army center, had intercepted and caught a long pass from Notre Dame side of the line. Then Smythe shot the ball thru the air, but Crowley, Notre Dame's left halfback intercepted the ball and ran 35 yards to Army's 35 yard line. Crowley then took the ball around right end for another 30 yards and Miller plunged thru the line for the remaining five yards and a touchdown. Crowley failed to kick the goal.

While Notre Dame had been expected to play a somewhat open game, most of their gains were made on straight line plunges and end runs. It was thought this method of attack may have baffled the army eleven as preparations had been made for the more open style of play.

Genuine American Fence—Car load just received. HALL BROS.

the all-powerful factor of better pitching. Except for Nehf yesterday and Bentley in the second game, both left-handers, the Giant mound regulars all have been knocked out of the box by the Yankees who, on the other hand, have had uniformly excellent pitching, except by Hoyt in the first game.

University City Boys Too Much for Locals

Muddy Field and Rain Made the Going Hard for Both Teams—Maroons Scored One Touchdown and Place Kick for a Total of 10 Points.

The Champaign High took the long end of a score of 10 to 0 from the I. S. D. Tigers on Illini field Saturday afternoon on a field of mud with rain constantly falling. The players, the ball, and the field were in such a condition that it was impossible for either team to make much headway with anything except punts and these plays very often went wrong on account of fumbles for which none of the players could be blamed, so bad were the conditions.

The ball was kept near the center of the field most of the time of play both teams threatening the defense occasionally but no real football could be played and almost as fast as an advantage was gained it was immediately lost through fumbles. The game today is one of only two games to be played away from home by the Champaign team the other game being with Moline on November 10th, and this game was used principally by Coach Moyer to assist in pointing the team for that contest as there has always been intense rivalry between Moline and Champaign, last year's game going to Champaign by a score of 26 to 0. Champaign won the state championship in 1922 and has not been beaten in the past six years.

First Quarter
Champaign kicked off and by a series of punts finally worked the ball down near the I. S. D. goal but was unable to get it over by straight plays. From the 12 yard line Heath punted a field goal. Score—Champaign 3; I. S. D. 0.

Second Quarter
I. S. D. substituted Clark for Schrader; Champaign substituted Jameson for Kenny. In this quarter the I. S. D. threatened several times, Rose going around left for a 15 yard gain one of the longest gains made through straight football during the afternoon. Champaign also had a place kick blocked by I. S. D. during this period. The quarter ended with the ball on Champaign territory, although in the first part of the quarter the ball was far down in the I. S. D. territory. Score—Champaign 6; I. S. D. 0.

Third Quarter
The quarter mostly played near the middle of the field, both sides using punts often. Champaign successfully blocked I. S. D. punt, and in this quarter the only successful forward pass of the game was made by Champaign. The ball was finally worked down to the I. S. D. goal and the visitors were further

assisted by a five yard penalty on I. S. D. On I. S. D. five yard line the ball was passed to Rose for a punt but again a fumble interfered. Hooper regaining the ball back of the goal post for a touchdown. Heath kicked goal. The ball was on the Champaign 30 yard mark when the quarter ended. Score—Champaign 7; I. S. D. 0.

Fourth Quarter
Coach Moyer of Champaign made nine substitutions during the quarter, playing some of his second string for the remainder of the game. Not much headway was made during the greater part of the period by either team, the game finally ending with the ball on the I. S. D. 10 yard mark, this advantage having been gained by Champaign in the last few plays. Score—Champaign 6; I. S. D. 0.

MINNESOTA HAD NARROW ESCAPE

MINNEAPOLIS, Minn., Oct. 13.—Minnesota nosed a victory out of her game with the Haskell Institution Indians here today, 13 to 12. The play was fierce but clean thruout.

The Indians at times during the second half played the Gophers to a standstill and had them on the offensive in their own territory the greater part of the time.

Minnesota's two scores were made in the second period. Haskell scored in the third and last periods. The last Haskell score came just before the whistle that ended the game.

WINCHESTER WINS FROM "HI" SECONDS

The second team of the Jacksonville High school met defeat at the hands of Winchester High school Saturday afternoon at Winchester by the score of 19 to 0. The Winchester coach telephoned to Jacksonville Saturday morning asking the Jacksonville team to cancel the game but the

visitors had started to make the trip and arrived soon after. The game was played on a muddy field and in a steady rain, making it impossible to determine the relative strength of the two teams. The Lights returned to Jacksonville late yesterday evening very much worn out from battling in the mud.

PHONE NO. 9
COAL AND COUPONS
HARRIGAN BROS.

St. Louis University Won from Illinois

Harmon's Men Put up a Great Battle Against a Superior Team and Lost by Score of 32 to 7

Illinois College was pitted against a strong foe yesterday afternoon when the football team met the undefeated St. Louis University team at Sportsman's Park in St. Louis. Outplayed by a superior team but not out-gamed the Illinois players put up an aggressive game which won the admiration of the big crowd.

Illinois kicked to St. Louis to start the fray and the St. Louis boys, using a line and back field shift, marched steadily up the field for a touchdown by Egger who will be remembered as a football man when the St. Louis five played here last winter. McKenzie kicked goal and the score stood 7 to 0.

Illinois chose to receive the next kickoff, but was forced to punt without making first down. Illinois held near the center of the field and when St. Louis attempted to punt Dale blocked the kick, the ball bounding toward St. Louis' goal with Dale right after it. He scooped up the ball on the 10 yard line and carried it across for a touchdown, the first to be scored against St. Louis this year in three games. Roberts added the extra point by a neat drop kick, making the score 7 to 7.

St. Louis chose to receive the kickoff and with Ramocciotti, McKenzie, McConachie and Egger carrying the ball for short steady gains, pushed over another touchdown. Goal was missed and soon after the quarter ended with the score 13 to 7.

In the second quarter Illinois

made two first downs thru the St. Louis line, then punted to St. Louis' 17 yard line. St. Louis returned kick to the center of the field where Quirk blocked Roberts' attempt to punt and recovered the ball on Illinois 30 yard line. With end runs and off tackle smashes St. Louis went over for a touchdown. Goal was missed and the half ended soon after with the score 19 to 7.

A costly fumble halted the goal-ward march of Illinois right after the beginning of the second half. St. Louis recovered and scored just before the quarter ended. McKenzie missed the goal. Score 25 to 7.

After playing the St. Louis team to a standstill during the greater part of the last quarter, McConachie got away for a 32 yard run on a criss-cross play and scored the last touchdown. McKenzie kicked goal, leaving the final score 32 to 7.

The entire St. Louis back field played a smashing fast game. Quirk at tackle was a stone wall on defense.

Rogers and Jack Roberts played a fine offensive game for Illinois. Gard, Weber, Hackett, Fogleman, Dale and Witaschek played a strong defensive game against a more experienced line.

The Illinois team showed considerable improvement over the form displayed against Carthage a week ago and after another week should give State Normal an interesting time when the latter team comes to Jacksonville next Saturday. The lineup: Illinois (7) St. Louis (32)

Dale	Position	High
Riess (Capt.)	Left End	Schwartz
Weber	Left Tackle	Geraghty
Hackett	Left Guard	Betz
Fogleman	Center	McCarthy
Gard	Right Guard	Quirk (Capt.)
Witaschek	Right Tackle	Amaral
Roberts	Right End	Egler
Rogers	Quarter Back	McConachie
Elder	Left Half Back	McKenzie
Petefish	Right Half Back	Ramocciotti
	Full Back	

Substitutes—Johnson for Dale; Shafer for Fogleman; Bowman for Rogers; Beecher for Elder; McGee for Petefish; Hopper for McGee.

Officials—Referee, Henry (Kenyon); Umpire, Gould (Army); Headlinesman, Kamp (Washington).

Among the alumni and former students who cheered the Illinois team were: Linn Hurie, '06; Ed Thies, Hugh Wilson, John Curran, Curtis Bradley and Dr. Oscar Zink.

OBITUARY

Fannie G. Smith, the oldest daughter of Valentine and Ellen Smith was born September 25, 1892 in Chambersburg, and departed this life Saturday, October 6, 1923 in Jacksonville, Illinois, after the removal of a semi-gout of the throat.

She united with the Christian church of this place when quite young and had never given up her faith. Her early life was spent in this vicinity, where she made many friends; who are grieved today because of the loss of one so young and useful.

Several years ago she went to Detroit, Mich., where she was married March 1922 to Oliver Powell of that place. She made her home in that city until death.

In departing she leaves to mourn her loss, a devoted husband, a father and mother, and one sister Eunice, besides a host of other relatives and friends.

CARD OF THANKS

We desire to thank our neighbors and friends for their many acts of kindness during the illness and after the death of our mother, Mrs. Stevenson. We also thank those who sent flowers and in other ways remembered us in our sorrow.

Edward Stevenson, Decker Family.

VISIT TO PEORIA

Mr. and Mrs. Thomas Clancy Little daughters Lucille and Frances, of 124 Richard street, motored yesterday to Peoria for a visit with friends to remain over Sunday.

BASKETBALL RULE BOON TO ILLINI

Urbana, Ill., Oct. 13.—The major change in the basketball rules that the man fouled must make the free throw attempt will work to the advantage of the University of Illinois basketball team this season, in the opinion of Coach Craig Ruby. Coach Ruby pointed to the records made by his men last year in free Ruby pointed to records made 72 percent of his attempts. Potter 50 percent, and Popken hooped four out of five chances at foul throwing.

Ruby is holding preliminary practice in the gymnasium annex with thirty men in order to pick material for the varsity squad. He has ordered his varsity squad with five of last year's letter men to report for practice Oct. 15.

Ruby has five of the six members of last year's team back: Capt. Potter, Roettger, forwards; Stillwell, center; Lipe, Popken, guards. All are ready for work

with the exception of Lipe and Popken who are out for football.

With a likely bunch of freshmen and sophomores to pick from, Ruby has a good opportunity. Although none of his men were picked on all-conference first teams last year when sport writers selected the mythical quintets, every one of them landed on somebody's all conference second or third selection.

The only cloud on the prospects is the loss of Russell Daugherty, freshman forward, who was one of the most likely looking of the first year men.

The Streator lad has been declared ineligible scholastically.

Vigorous Old Age

WHY separate youth and old age with a deep and ever-widening abyss? The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening health—determining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care free time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well-being—a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it. The large size is the more economical.

FACTS

According to records in the Secretary of State's office, Studebaker outsold all other makes of cars in the first six months of 1923 in Wayne County, Michigan (of which Detroit is the county seat) with the exception of Ford and Chevrolet.

Detroit knows motor cars and motor car values, because the majority of the population is engaged directly or indirectly in some phase of the motor car industry.

Detroit knows Studebaker because of the large production of Studebaker cars in that city, and Detroit is partial to Studebaker cars for just one reason—the merit of the product.

R. L. Dye, Chief of State Factory Inspection Department

R. L. DYE TO ADDRESS CONVENTION IN EAST

The 13th annual convention of the National League of Compulsory Educational Officials will be held at the Hotel Kimball, Springfield, Mass., four days the coming week, beginning Oct. 16. The program will be devoted to the discussion of practical themes relating to the work of the officials included in the organization.

Richard L. Dye, chief of the factory inspection department of the state of Illinois, is to take part in the program Wednesday evening. Mr. Dye's theme will be: "The Conference System and Cooperation of Employers." In Illinois the factory inspection department has as a part of its work the enforcement of laws affecting child labor and Mr. Dye has discussed several subjects relating to this general theme at conventions held in several large cities. Detroit, Memphis and Richmond are among the cities in which as chief of the factory inspection department of this state he has had place upon convention programs.

Wednesday night of the convention has been designated Child Labor night and it is at this meeting that Mr. Dye will make his address. The chairman of the occasion will be George E. Whitman of Cleveland, Ohio. Others who appear upon the same program will be Owen Lovejoy, secretary of the national child labor committee; Mrs. Julius H. Barnes, member of the board of education of Duluth, Minn., and O. H. Blackman, associate editor of Collier's Weekly.

The main event of Thursday evening will be a banquet at which the principal address will be made by Honorable Payson Smith, commissioner of education of Massachusetts. As indicated, the sessions will continue thru four days and the program indicates that many public officials and private citizens associated with the work of compulsory education will have part.

ARMY RESERVE COMMISSION'S DOORS TO CLOSE

The Government's offer to commission in the Officers Reserve Corps, subject only to a physical examination and filing of application, men who served as officers during the World War, expires on November 11th next; after that date an educational and professional examination will be given to those seeking appointment in any branch of the Army.

If former officers feel that they would be willing to defend this country in a future war, they surely should be willing to assist in getting ready for such defense while there is ample time and help to avoid a repetition of the confusion which accompanied our last great mobilization. The officers Reserve Corps and the organized Reserves offer them a chance to give such assistance.

The headquarters of the Organized Reserves in this District are located on the second floor Room 2, Hay Building, Corner Sixth and Washington streets, Springfield, Illinois. Application blanks and full information concerning the Reserves are available at this office, and persons interested may either call in person or write for an application blank.

N. T. Fox represented Sinclair vicinity in the city Saturday.

LITERBERRY

The Literberry Baptist Aid met on Thursday afternoon with Mrs. J. E. Underbrink hostess. Sixteen members and 15 visitors were present, besides the children.

Song, "Blessed Assurance."

Selected verses from different chapters of the Bible had been prepared by the president, and were read by Mrs. W. W. Young.

Prayer.

Roll call.

Minutes of last meeting.

Short business session.

Arrangements were made for an open meeting to be held at the church on the first of November at night. All members have the privilege of bringing their families. Each member will furnish refreshments enough for themselves and all friends that come with them. There were two persons added to the supper committee, making five, and the names of all are as follows: Mrs. Nellie Crum, Mrs. W. W. Young, Mrs. May Crum, Mrs. Lelia Daniels, Mrs. Cecil McGee.

A welcome was extended to a new member, Mrs. Frank Long, while singing, "Blest Be the Tie."

CHICHESTER'S PILLS

New Home Sanitarium
Incorporated—67 Rooms
Now Medical and Surgical Hospital
Jacksonville Illinois

A Serious Time Indeed
is that time when a Surgical Operation is to be considered.

During that act your life is in the hands of others and it may never be yours again. That depends only upon the SKILL and ABILITY of those directing the KNIFE and the after care.

The only sensible way to make sure in your decision is to compare "RESULTS."

Where work is abundant and deaths are few
Tell it to me and I'll know what to do.

There can be no other argument. The records of The New Home Sanitarium are always open to inspection.

CHANCE TO PRACTICE THRIFT IS HERE

Vice President of Illinois Power and Light Corporation Talks of Opportunity There as For Buying Securities.

"Americans today have a better opportunity than ever before to practice thrift," says William A. Baehr, Chicago, vice president and general manager of the Illinois Power and Light Corporation.

"At no time in our business history," Mr. Baehr adds, "have the bars been let down so far to employees, particularly to those of public utility concerns, and the public at large, for the purchase of good paying investment securities."

"Practically every large public utility management is now conducting campaigns encouraging stock ownership among their employed forces."

"The golden opportunity for the workers is here. Wages are high and securities are cheap. Many of these securities too are of companies under the highest class of management and paying good returns."

"If there ever was a time when the worker should practice thrift it is the present. It can be done now without much of a burden to himself or family. He can make investments with his savings that are absolutely gilt edge that will be earning him money and accumulate a fund that will be his best friend in future times of stress and need."

"It is dplorable, almost alarming the evidences of the lack of thrift that are seen all around us. I am not advocating that men and women should deprive themselves of many of the recreations and things they enjoy, things that money will buy and that an increased wage permits them to buy. I do contend, however, that a goodly portion of what is being earned and perhaps foolishly spent can be saved. One of the best ways to do it is to put it in safe investments. These investments place more money in the active participation of the country's development."

"More money for development, Mr. Baehr concludes, "means a continuity of steady employment and good wages."

WILL BUILD SIX ELECTRIC LOCOMOTIVES

Plans are complete for building six new 80 ton, all steel, electric locomotives, 1,000 horse power each, at Decatur, Ill., shops of the Illinois Traction System, according to officials of the Illinois Power and Light Corporation at Chicago.

The Illinois Traction System is the electric interurban railway division of the Illinois Power and Light Corporation. The cost of the new equipment will be approximately \$150,000. It will be used for hauling freight cars and bring the total number of electric locomotives of the system up to 36.

FORDS! FORDS!
Coupe, fine running shape, little money takes it. Touring cars, \$40., and on.
BERGER MOTOR CO.

Chemistry, Dietetics, Hygiene, Anatomy and Physiology, and Materia Medica.

Miss Alice Shepard of White Hall, who has been absent during the summer, returned to the hospital at this time to resume her studies.

To accommodate the large class of student nurses at the Nurses Home, it has been necessary to divide the sleeping-porch, which accommodates twenty-four nurses. Accommodations were secured in the meantime with Mrs. Robert Gorman, a niece of Pres. A. A. Curry, who lives just opposite the hospital.

The Nurse's dining room in the main building has been redecorated this week and a new hard wood floor laid.
